MISSION, VISION, & STUDENT OUTCOMES

MISSION STATEMENT

North Central University is a Christ-centered, Bible-based, Pentecostal school with a commitment to academic excellence that prepares students to fulfill biblical models of leadership and ministry throughout the world.

VISION STATEMENT

North Central University will be recognized as a globally influential university that prepares exemplary Pentecostal leaders and ministers.

INSTITUTIONAL STUDENT OUTCOMES

Our students will be:

1. Christ followers guided and empowered by the Holy Spirit and God's Word.
2. Lifelong learners in the highest tradition of Christian scholarship.
3. Leaders serving and empowering others in the church and throughout the world.
4. Ministers communicating Christ's love and the Holy Spirit's power through word and action.

In order to accomplish this task, NCU is committed to the requirement of a minimum of 24 credits of Bible/Theology for most majors, including the 18 credit Christian Studies Core. It also requires daily chapel attendance and other meaningful methods of spiritual formation. NCU is church-focused and there are practical ministry requirements which are fulfilled with service in the church and community. The University seeks to develop a robust Christianity based on a Christian worldview developed through a meaningful, integrated general education core program. It offers various majors which are designed to develop leaders who are functioning Pentecostals and who know how to interact evangelistically with their world.

All majors are designed to be ministry-focused, training students to serve God in a variety of ways according to their calling and gifts. Program focus at North Central is particularly centered upon urban and international settings, utilizing the urban context of the campus as a laboratory for effective ministry and providing a full array of creative international learning opportunities.

THE HERITAGE

Located in the heart of Minneapolis, North Central University is a coeducational, undergraduate, primarily residential college owned and operated by 11 Assemblies of God districts of the upper Midwest. Founded in 1930 as North Central Bible Institute, program offerings were expanded in 1955 to include a four-year degree.

In 1957, the institution's name was changed to North Central Bible College and in 1964, North Central was accredited by the American Association of Bible Colleges. Recognizing its commitment to the needs of its constituents, North Central continued expanding its offerings and was accredited in 1986 by the Higher Learning Commission.

At the spring 1998 meeting of the Board of Regents, the college's name was changed to North Central University.

In keeping with the vital and growing character of the school, enrollment has more than tripled from 401 students in 1975 to a present enrollment of approximately 1,200 in the residence, PSEO and graduate programs in 2017. The stability and strength of North Central has produced more than 26,000 alumni, and of its graduates, 75 percent are presently in ministry positions throughout the United States and around the world.

ACADEMIC AREAS

College of Arts & Sciences

The College of Arts & Sciences prepares students to lead and minister in the marketplace.

❖ SCHOOL OF COMMUNICATIONS

- *Communication Arts*

The Department of Communication Arts prepares graduates with a Christian worldview who dynamically engage culture and skillfully create digital and print media that enhance scholarly and public discourse.

- *English*

The English Department at North Central University is a Christ-Centered analytical work in English, dedicated to developing the abilities to think critically, communicate effectively, and influence culture creatively.

- *Carlstrom ASL Interpreting*

North Central University (NCU) is home to the Carlstrom American Sign Language Interpreting training program. NCU is the only Assemblies of God College to offer a major in interpreting and a minor in Deaf Cultural studies. The qualified faculty members enable students to be trained by experts in the field of interpreting, Deaf culture and American Sign Language (ASL).

The Carlstrom American Sign Language (ASL) Interpreting department will produce graduates who will ethically serve and lead by utilizing their skill and knowledge of languages, cultures, and a Christian worldview to facilitate communication and understanding between Deaf and non-deaf people.

❖ SCHOOL OF BUSINESS

The School of Business utilizes academic and experiential rigor to educate leaders in business knowledge, Christian virtues, and professional skills – our graduates are capable of leading organizations to innovate, grow, and deliver world-class results. The School of Business also incorporates Computer Science and Computer Information Systems, along with the Sports Management programs.

❖ SCHOOL OF EDUCATION

The School of Education is committed to producing teachers who are academically prepared for excellent teaching and who utilize the best pedagogical practices, model Christ-like character, and devote themselves to lifelong learning. The School of Education also incorporates the Mathematics majors as well as general education courses in mathematics and the sciences.

❖ SCHOOL OF SOCIAL & BEHAVIORAL SCIENCES

The School of Social and Behavioral Sciences exists to provide a broad, theologically enlightened educational foundation for students entering the behavioral sciences and prepare department graduates for further educational training and/or immediate employment in the field. The School of Social & Behavioral Sciences also incorporates the general education courses in history and government.

College of Fine Arts

The College of Fine Arts exists to develop passionate, spiritual leaders, who, through skillful and creative use of their art, will impact the world for Christ.

❖ SCHOOL OF MUSIC AND THEATRE

The School of Music and Theatre offers degrees in Music, Music Business, Music Performance, Music Recording Artist, Theatre, and a degree in Education – Vocal Music (K-12).

❖ SCHOOL OF WORSHIP ARTS

The School of Worship Arts offers degrees in Recording Arts, Music Pastor, and Music: Live Production, Music: Studio Production and Worship Leading.

College of Church Leadership

The College of Church Leadership provides for continued growth and development of ministry programs as we embrace our responsibility to raise up and send out the next generation of leaders answering God's call to vocational ministry.

❖ SCHOOL OF PASTORAL STUDIES

The School of Pastoral Studies exists to provide comprehensive ministerial training for pastors in the areas of Children & Family, Youth and Pastoral Leadership, as well as evangelism and church planting.

❖ SCHOOL OF INTERCULTURAL STUDIES

The School of Intercultural Studies prepares students to love God and others, extending God's Kingdom incarnationally and cross-culturally by focusing on unreached, oppressed, and impoverished peoples.

❖ SCHOOL OF BIBLICAL & THEOLOGICAL STUDIES

The School of Biblical & Theological Studies provides a strong biblical and theological foundation for all NCU students and offers advanced biblical and theological training for those planning to pursue graduate study and/or vocational ministry.

THE CURRICULUM

Each academic department is charged with the responsibility to maintain high academic and professional standards for students pursuing majors within that department. In order to fulfill this responsibility, departments may require students to participate in non-credit, co-curricular activities. Examples of such activities include ensembles, ministry credits, and research. Students' status within their chosen major may depend on participation in these activities. For more details on these requirements, students may contact their advisors or department chairs.

Philosophy and Purpose

The curriculum at North Central University is designed to provide learning experiences which promote the University's mission and vision. North Central is pleased to offer a curriculum which builds upon the strong foundational base of our Pentecostal heritage and ministry focus. North Central takes many of its educational experiences into the learning lab of the city and world around us. Various courses incorporate evangelists, youth pastors and specialists who bring their expertise and modeling to the classroom.

Since society is in a state of flux and has changed significantly over the last few years, North Central has developed curriculum that is flexible and adaptable. As Christians, it is important to understand society so we truly can be salt and light, finding effective ways of leading people to Christ.

At North Central University, we believe that in order to accomplish this successfully, students need to have three components in their baccalaureate degree: 1) a strong general education program, 2) a solid Bible/theology program, and 3) a selected major with a complementary content core such as North Central offers through its supporting programs.

The base of the University's degree programs is a general education core whose prime task is to provide a cohesive Christian worldview. As knowledge increases and disciplines become increasingly fragmented and segmented, North Central seeks to provide coherence and meaning through the development of an even more holistic, integrated general education curriculum which gains its meaning because of the God we serve. We seek ways of teaching students to be better thinkers, to have the skills to be lifelong learners, to know where and how to gather information and to be able to synthesize that knowledge.

General education at North Central has seven strands which are woven into and emphasized throughout the student's course of study: 1) servant leadership, 2) spiritual formation, 3) writing and speech, 4) thinking skills and processes, 5) information literacy, 6) technological competence, and 7) global and cultural sensitivity. These include knowledge, skills and attitudes which North Central desires all students to gain in order to be effective in the church and in the world both today and tomorrow.

North Central believes that it is important for students to be involved in general education courses because they so clearly relate to our central evangelistic focus. For example, we can't very well engage people in effective dialogue about the gospel if we cannot speak well and articulate our thoughts. We cannot discuss life with someone whose basic philosophy we cannot understand. If we want to engage people effectually, we must know how they think. Furthermore, in order to minister, counsel, pastor, and teach people, we need to understand their psychological and emotional needs. NCU believes that a strong base of general education provides a foundation for effective ministry and work.

No matter what major students select at North Central, we trust they will develop and maintain a heart for ministry and evangelization. Therefore, NCU requires its students to complete a Bible and theology program of at least 24 credit hours. We believe all students in every major should be required to yield at the same altar, make the same sacrifice and sense the call of God to sold-out Christianity.

Every major at North Central University is reviewed regularly. The curricular structure of the majors has been changed to provide flexibility for the students to take courses reflecting their specific interests, skills and calling. If students desire to go on to graduate school, for example, then they have the opportunity to select a preparatory track that provides a solid base for further study.

If, on the other hand, a student desires to specialize, this is also an option. For example, a student can take a music major program or go on to specialize in music performance or become a music pastor. Additionally, students may major in a particular program and then select a minor in an entirely different, yet complementary discipline. This option will provide for future job flexibility and the honing of other skills.

INTERNATIONAL FOCUS

Our students have numerous opportunities to live out the University vision statement which describes North Central as preparing students for leadership and ministry "throughout the world."

North Central has been the recipient of several large grants from places like the Pew Charitable Trusts and the Bethesda Foundation for curriculum and programming in urban ministries. Students are involved in our urban setting in numerous ways, and there are many opportunities for service.

Many students volunteer at the local Ubah School to teach English to Somalian refugees and to build bridges of friendship to our Muslim neighbors. North Central has developed a certificate in TEFL (Teaching English as a Foreign Language).

Typically, about 10 percent of our student body and 50 percent of our faculty go overseas each year. We are building a global learning environment which provides for missions trips,

international learning experiences, International Fieldwork trips, international internships and semester abroad opportunities. Student teaching can be accomplished overseas in Saipan, China, Costa Rica, Dominican Republic and Kuwait for elementary education students. We enjoy a diverse faculty with much overseas experience.

North Central University offers a comprehensive Study Abroad program ranging from 3 week programs offered each May through the Center for Holy Land Studies in Israel and Jordan to semester long programs located in 5 international sites listed below. A full listing of programs can be found online at <http://www.northcentral.edu>.

NCU Semester-long Programs (must be a Junior or Senior):

- Asia Pacific Student Abroad Initiative in Bangkok, Thailand
- Cairo Studies Center in Cairo, Egypt
- Ridley Hall in Cambridge, England
- Xi'an Study Abroad Center in Xi'an, China
- Istanbul Studies Center (ISC), Istanbul, Turkey
- Student Teaching Abroad for Education majors (seniors only)

General Education & Christian Studies Core

DESCRIPTION

32-35 Credit Hours

The General Education Core curriculum is required of every graduate in the Associate of Arts, Bachelor of Arts and Bachelor of Science degree programs. It represents a foundational course of study considered essential for an educated person regardless of profession or career. It is broad-based and is designed to give the student an awareness of the major elements of human existence and an appreciation of the different academic disciplines that study humanity.

The Christian Studies Core curriculum is designed to give the student a foundation of biblical content and theology for lifelong spiritual maturation. The Christian Studies core is required of every graduate in the Bachelor of Arts and Bachelor of Science degree programs. A minimum of 18 credits of Bible/theology is required for most majors and each student will earn a Bible Minor.

Student Learning Outcomes for the Core Curriculum – comprising the Christian Studies Core and the General Education Core – are as follows:

1. Christian Worldview and Practice
 - Biblical and theological understanding
 - Faithful Christian living
2. Cultural Understanding
 - Understanding of historical, social, and psychological contexts
 - Intercultural and global understanding
3. Scientific and Mathematical Problem Solving
 - Scientific problem solving
 - Mathematical problem solving
4. Critical Thinking

ACADEMIC MAJORS

Accounting & Finance

Bachelor of Science Degree

DESCRIPTION

124 Credit Hours

College of Arts & Sciences

School of Business

William Tibbetts, Director

The Bachelor of Science in Accounting and Finance degree program at NCU is designed to prepare the student to sit for the Certified Public Accountant (CPA) exam. This major will prepare the student to leverage assets, manage budgets, achieve financial efficiencies, and maximize investments. With courses ranging from financial reporting and analysis to international business and microeconomics, this bachelor's degree program in finance and

accounting management generates the skills required to enhance the student's analytical and quantitative capabilities – equipping the student to pursue a career in the field of finance or accounting.

Increasing globalization and economic growth are expected to drive demand for accountants and financial professionals. According to the U.S. Bureau of Labor Statistics, job prospects for accountants and auditors are outstanding, with faster-than-average growth expected over the next ten years. While job opportunities are expected to be favorable overall, individuals with professional certifications, especially certified public accountants (CPAs), are likely to enjoy the best opportunities in the finance and accounting field.

Bachelor of Arts Degree

DESCRIPTION

124 Credit Hours

College of Arts & Sciences

Department of Communication

Dr. Ron Jewett, Dean

The Carlstrom American Sign Language (ASL) Interpreting department will produce graduates who will ethically serve and lead by utilizing their skill and knowledge of languages, cultures and a Christian worldview to facilitate communication and understanding between Deaf and non-deaf people.

A skilled American Sign Language/English interpreter student should be able to:

- Synthesize and express the acquired knowledge and skills concerning interpreting, culture, language and communication in preparation for both the written and performance certification exam.
- Demonstrate entry-level bicultural and bilingual competency in American Sign Language, interpreting, and Deaf Community.
- Consistently assess individual knowledge and skills related to ASL, English and interpreting.
- Effectively integrate a Christian worldview with personal and professional business practices.
- Demonstrate a working knowledge of the Registry of Interpreters for the Deaf (RID) Code of Professional Conduct and ethical decision making.
- Identify the necessary skills and business practices to be an interpreter in the arena of choice, whether in private practice, education, video relay, and/or staff.
- Cultivate ongoing personal, professional and spiritual development through service, ministry and leadership.
- Demonstrate a commitment to the Deaf and interpreting communities by ongoing involvement and service.

All students must complete the General Education core and Christian Studies core. Total credit hours to complete the ASL/English Interpreting major must equal at least 124 credit hours.

Applied Studies: Screenwriting

Bachelor of Science Degree

DESCRIPTION

124 Credit Hours

Creative Education

Dr. Renea Brathwaite, Director

Students enrolled in this program will earn a BA/BS in Applied Studies: Screenwriting degree from North Central University. Plus, students will simultaneously earn an AAS from Minneapolis Community and Technical College.

The Screenwriting Program teaches students how to develop, write, rewrite, analyze and “cover” screenplays of all kinds, including those for television, documentaries and advertising. Students will master the intricate art of combining powerful images and inspiring dialogue, and grow as an innovative screenwriter by telling exciting stories in their unique voice. By the time they complete the degree, students will be ready to address issues related to dramatic and nonfiction screenwriting, as well as underlying business and legal aspects. The

program provides an interactive learning environment wherein students share their ideas and scripts and get feedback in a workshop setting. Students will collaborate with others majoring in directing and producing to get their work produced. They will have the opportunity to meet and work with local writers, producers, and guest lecturers from around the country, as well as pitch finished scripts to professionals from Los Angeles to New York.

Potential work opportunities:

- Local and national film and video production houses
- Local and national independent producers
- Independent home video distribution companies
- In-house production departments within retail stores and corporations
- Local and national film studios
- Local and national television, cable stations and networks
- National and local advertising agencies
- As a freelancer

Potential job titles:

- Screenwriter
- Script Analyst
- Script Reader
- Script Consultant
- Production Assistant
- Independent Producer

Applied Studies: Early Childhood Education

Bachelor of Science Degree

DESCRIPTION

124 Credit Hours

Creative Education

Dr. Renea Brathwaite, Director

Students enrolled in this program will earn a BA/BS in Applied Studies: Early Childhood Education degree from North Central University. Plus, students will simultaneously earn an AAS from Minneapolis Community and Technical College.

The Early Childhood Education program will prepare students to organize and lead activities and provide nurturing care for children, particularly in urban childcare centers, nursery schools, elementary classrooms and afterschool problems. The program incorporates cultural diversity into all of its courses, emphasizing working with children and families of all kinds in an urban setting. Coursework will cover child development, community, family and parent relationships, oral and written communication, safety, health and nutrition, and guidance. Students will also study various teaching and learning methods and be trained to observe, document, and assess children, and to convey a sense of professionalism and ethical behavior in a classroom setting. By the time students complete the program, they will know how to promote and communicate knowledge of child development; create healthy, respectful and challenging learning environments; create and maintain respectful and supportive relationships with families; and design and implement developmentally and culturally appropriate activities and curriculum.

Biblical and Theological Studies

Bachelor of Arts Degree

DESCRIPTION

124 Credit Hours

College of Church Leadership

School of Biblical & Theological Studies

Dr. Phil Mayo, Director

The Biblical and Theological Studies major is designed for the student who may go on to pursue graduate work in biblical studies, in theology, or in practical ministry. For some, this will mean attending seminary, perhaps followed by pastoral ministry. For others, it may mean pursuing an M.A. and a Ph.D. in preparation for teaching at the collegiate level. For still others, the ultimate goal may involve Bible translation or chaplaincy. An additional value of this program is that it meets the basic educational requirement of the Assemblies of God for all levels of ministerial credentialing through ordination.

Students who desire to incorporate a practical ministry component (sermon construction, preaching, and a church internship) into their program may want to select the "Ministerial Prep Option."

As a result of completing the Biblical and Theological Studies major, the student should develop a deeper and broader knowledge of the Bible and the intellectual contours of the Christian tradition. Graduates should be able to demonstrate knowledge of the following:

- Bible Content
- Biblical Studies
- Theological Studies
- Method, topics and distinctive eras of biblical and theological scholarship
- Histories of Israel and the Church
- Ancient Languages

The Biblical and Theological Studies major reflects NCU's continuing commitment to excellence in biblical interpretation and the theology of the historic Christian faith as expressed in the Pentecostal tradition.

Communication Arts: Journalism

DESCRIPTION

124 Credit Hours

College of Arts & Sciences

School of Communication

Dr. Ron Jewett, Dean

The Communication Arts: Journalism major is designed to teach students skills in written, verbal and mediated communication that will provide a foundation on which to build a career in professional writing, journalism and communications. This program prepares journalists with a Christian worldview who dynamically engage culture and skillfully create digital and print media that enhance scholarly and public discourse.

Students will gain an understanding of communication theory and practice, technical skills in journalistic media and a critically autonomous and ethical worldview framework for creating content in their vocational endeavors as journalists. Graduates of the Journalism major:

Demonstrate a theoretical understanding of mediated communication that includes a broad knowledge of communication theory across all contexts;

Articulate the ongoing and expansive relationship between emerging communication technology and society and can engage in meaningful discourse and research;

Apply an analysis of mediated and unmediated communication in terms of audience, voice, rhetorical strategy and criticism;

Articulate an understanding of how mediated communication operates both inside of their primary culture and cross-culturally in the broader global context;

Demonstrate technical skills in journalism, including,

- Researching, gathering and verifying information from a variety of sources through personal and mediated communication,
- Producing articles that provide clear, concise, fair and accurate information as a service to the community and that impact the community,
- Building storytelling abilities using text, photography, videography and visual communication theory for multiple platforms to reach a mass audience,
- Developing and managing an editorial presence to ultimately impact and build community membership,
- Understanding news media theories and the role of the press in a democratic society;

Practice of mediated communication articulates Christ-centered values and integrity with regard to content development and professional conduct;

Demonstrate a critical autonomy that is Christ-informed and mission-oriented leading to moral and ethical decision-making and leadership within any communication context;

Engage in life-long learning seeking ongoing opportunities to increase knowledge, grow their skills and deepen their Christ-centered values.

All students are required to complete the General Education core, the Christian Studies core, the Communication Studies core and the Journalism Major core along with courses from one of the supporting Communication Arts elective tracks. A total of 124 credits are needed for program completion.

English

Bachelor of Arts or Science Degree

DESCRIPTION

124 Credit Hours

*College of Arts & Sciences
School of Communication*

Dr. Ron Jewett, Dean

The English department offers three tracks of study leading to a major in English: a literature track, a creative writing track, and a professional-technical writing track. As reading and writing are both self-reflexive acts, it is the department's intention that students completing any track for the degree in English will develop a Christian philosophy of the English language, its literature, and ministry at the same time that they complete the following outcomes:

- Articulate their worldview as it applies to the study of English.
- Demonstrate the ability to find, select, assess, and analyze information sources, both print and electronic, and to credit, integrate, and synthesize those sources in their own work.
- Demonstrate in written and oral communication integrative and independent thinking, originality imagination, experimentation, problem solving or risk taking in thought, expression, or intellectual engagement.
- Construct clear, grammatical sentences and produce well-organized texts that exhibit an attention to audience, genre, and purpose and that follow the conventions of logical argumentation.
- Pursue professional careers and/or graduate studies using their strong analytical, research, speaking, and writing skills.
- Demonstrate social awareness of diversity issues by interpreting, analyzing, and writing about various cultural perspectives in literature.

Students completing the creative writing track will complete the following outcomes:

- Read with interpretive and analytical proficiency one or more creative literary forms (poetry, fiction, non-fiction, script).
- Write with proficiency in one or more creative literary forms (poetry, fiction, creative non-fiction, script).
- Respond to peers' work in one or more creative literary forms (poetry, fiction, creative non-fiction, script).
- Practice the process-oriented approach to writing (i.e., discovering one's material; crafting that material into the most suitable form according to the intended emotional effect upon target audience; revising as often as necessary.)
- Incorporate useful critical responses to their work into subsequent revisions.
- Demonstrate practical awareness of classic, contemporary, and avant-garde models of one or more creative literary form (poetry, fiction, creative non-fiction, script).
- Embrace the constant creative challenge of working through failure.

Students completing the professional-technical writing track will meet the following outcomes:

- Read with interpretive and analytical proficiency one or more nonfiction and technical forms.
- Write with proficiency in one or more nonfiction and technical forms.

- Respond to peers' work in one or more nonfiction and technical forms.
- Practice the process-oriented approach to writing (i.e., discovering one's material; crafting that material into the most suitable form according to the intended emotional effect upon target audience; revising as often as necessary).
- Incorporate useful critical responses to their work into subsequent revisions.
- Demonstrate practical awareness of models of nonfiction and technical forms.
- Embrace the constant creative challenge of working through failure.

Students completing the literature track will meet the following outcomes:

- Demonstrate knowledge of traditional and nontraditional canons of literature in their social, cultural and historical context
- Analyze literary forms closely in terms of style, figurative language, and convention
- Use source material in the interpretation of literary texts, as well as discover and/or explore directions for new scholarship
- Apply and explain concepts from literary theory and criticism in the analysis and interpretation of texts, filtering through a Christian worldview

Entrepreneurship

Bachelor of Science Degree

DESCRIPTION

124 Credit Hours

College of Arts & Sciences

School of Business

Bill Tibbetts, Director

The Bachelor of Science in Entrepreneurship degree at NCU is designed to champion the development of students' business ideas by the time of graduation. Students will have the opportunity to pitch their business ideas before venture capitalists to obtain start-up capital. Part of the student's time is spent in a business incubator located in downtown Minneapolis where they will experience one-on-one mentorship from other entrepreneurs. Students will have the option to develop their business in the for-profit, non-profit, or social sector; we cater the student's education to their career goals. This program would also be beneficial for students wanting to focus on innovation within a large corporation.

According to the Global Entrepreneur Indicator now is the time to start a business, citing that 86 percent of current entrepreneurs are willing to develop a new business in the current economic environment. 73 percent of those same entrepreneurs reported an increase in revenue over the last six months. According to the U.S. Bureau of Labor Statistics, entrepreneurial survival rates between 2000 and 2010 differed according to the industry.

Intercultural Studies

DESCRIPTION

124 Credit Hours

College of Church Leadership
 School of Intercultural Studies
 Dr. Phil Mayo, Director

The School of Intercultural Studies presents students with curricular programs to prepare students to cross cultures through language and culture learning so that they may live, work, research, and communicate effectively in international settings. Intercultural Studies students gain: self-understanding, global awareness, transformational strategy, effective research, communication, and teaching skills through an integration of theory and practice as they serve in ethnic settings at home and abroad.

ICS Students will grow in the following areas:

- Developing a greater understanding and love for God, others, and themselves;
- Discovering a broad understanding of the world, becoming successful language and culture learners;
- Gaining an historical, biblical, strategic, and practical understanding of cross cultural engagement;
- Becoming equipped to teach, mentor, and serve others cross culturally;
- Becoming skilled communicators in their own culture who can also live, work, research, and communicate well internationally.

ICS Alumni work in a wide range of careers nationally and internationally as: teachers, counselors, youth workers, lawyers, firemen, pastors, business owners, non-profit leaders, personnel in child-welfare and international development organizations.

Graduate study for ICS alumni has successfully included: Intercultural Studies, TEFL, Education, Linguistics, Marriage & Family Counseling, Social Work, Organizational Leadership, Business Administration, and Theology.

Electives, Tracks & Certificates: To further specialize their ICS program, ICS majors may choose from the following optional tracks and certificates:

- ICS Track (12 upper-level elective credits in ICS or BIBL)
- Children & Youth in Crisis Track (15 cr.)
- International Development & Business Track (15 cr.)
- TEFL Certificate (16 cr.) *Note: The TEFL Certificate is additional to the ICS Major, not part of it.

**Note: Changes made to the ICS Tracks are pending curricular review and subject to change.*

Interdisciplinary Studies

Bachelor of Arts or Science Degree

DESCRIPTION

124 Credit Hours

An Interdisciplinary Studies major allows a student to meet his or her career goals, or plans for graduate school or seminary, by selecting two complementary "fields" of study. These two fields together provide a broad, unique, integrated background to learning. Students will be advised by a faculty member from the department sponsoring their Field 1 program.

When the Interdisciplinary Studies major has been completed, the student will:

- Present employers with a unique, integrated, interdisciplinary basis for career development;
- Have developed a sound basis for graduate seminary study, in courses tailored to their interests;
- Naturally develop a leadership style based in multiple disciplines;
- Have the opportunity to combine ministry, through a field of study such as Intercultural or Pastoral Studies, with a "tent-making" career track such as Deaf Culture Studies or Communications;

COURSES

Marketing

Bachelor of Science Degree

DESCRIPTION

124 Credit Hours

College of Arts & Sciences

School of Business

Williams Tibbetts, Director

The Bachelor of Science in Marketing degree at NCU is designed to prepare the student for a successful marketing career across a wide range of businesses. In this program, the student will work with real clients, developing real marketing initiatives, to solve real problems. Our program is designed to help the student gain relevant marketing skills and experience employers seek, including: building marketing campaigns, public relations and advertising, product management, and social media marketing. A marketing student at NCU will gain valuable hands-on experiential learning to further help them prepare for a successful career

According to the U.S. Bureau of Labor Statistics, employment of advertising, promotions, and marketing managers is projected to grow significantly in the next ten years, far above most other occupations. About a quarter of advertising and promotions managers worked for advertising agencies. About 16 percent of marketing managers worked in the management of companies and enterprises industry. Both of these statistics suggest studying marketing at NCU in the Twin Cities is a fantastic opportunity.

Psychology

Bachelor of Arts or Science Degree

DESCRIPTION

124 Credit Hours

College of Arts & Sciences

School of Social & Behavioral Sciences

Dr. Ron Jewett, Dean

The School of Social & Behavioral Sciences has adopted the following goals and outcomes that are intended to result from participation in the Psychology program. These goals and outcomes represent the knowledge, skills and values consistent with the science and application of psychology in Christian higher education.

Goal 1: Knowledge Base in Psychology

Students should demonstrate fundamental knowledge and comprehension of the major concepts, theoretical perspectives, historical trends, and empirical findings to discuss how psychological principles apply to behavioral problems. Students should show depth in their knowledge and application of psychological concepts and frameworks to problems of greater complexity.

- Describe key concepts, principles, and overarching themes in psychology
- Develop a working knowledge of psychology's content domains
- Describe applications of psychology

Goal 2: Scientific Inquiry and Critical Thinking

The skills in this domain involve the development of scientific reasoning and problem solving, including effective research methods. Students should focus on theory use as well as designing and executing research plans.

- Use scientific reasoning to interpret psychological phenomena
- Demonstrate psychology information literacy
- Engage in innovative and integrative thinking and problem solving
- Interpret, design, and conduct basic psychological research

Goal 3: Ethical and Social Responsibility in a Diverse World

The skills in this domain involve the development of ethically and socially responsible behaviors for professional and personal settings in a landscape that involves increasing diversity. Students should have direct opportunities to demonstrate adherence to professional values that will help

them optimize their contributions and work effectively, even with those who don't share their heritage and traditions. This domain also promotes the adoption of personal and professional values that can strengthen community relationships and contributions.

- Apply ethical standards to evaluate psychological science and practice
- Build and enhance interpersonal relationships
- Adopt values that build community at local, state, national, and global levels.

Goal 4: Communication

Students should demonstrate competence in writing, oral, and interpersonal communication skills. Students should produce a research study or other psychological project, explain scientific results, and present information to a professional audience. They should also develop flexible interpersonal approaches that optimize information exchange and relationship development.

- Demonstrate effective writing for different purposes
- Exhibit effective presentation skills for different purposes
- Interact effectively with others

Goal 5: Professional Development

The emphasis in this goal is on application of psychology-specific content and skills, effective self-reflection, project management skills, teamwork skills, and career preparation. The skills in this goal refer to abilities that sharpen student readiness for post-baccalaureate employment, graduate school, or professional school.

- Apply psychological content and skills to career goals
- Exhibit self-efficacy and self-regulation
- Refine project management skills
- Enhance teamwork capacity
- Develop meaningful professional direction for life after graduation

Goal 6: Integration of Psychology and Theology

The emphasis in this goal is to become psychologically-informed individuals who are Christ-followers, guided by Scripture, and empowered by the Holy Spirit. Students should show their knowledge, application, and personal views of the interaction between science and Christianity which can make a unique contribution to the field.

- Describe various approaches to the relationship between psychology (science) and Christianity (theology)
- Articulate a Christian worldview
- Critique issues in psychology from a theologically-informed perspective
- Demonstrate commitment to psychology as a form of ministry

Sports Management

Bachelor of Arts or Science Degree

DESCRIPTION

124 Credit Hours

College of Arts & Sciences

School of Business

Bill Tibbetts, Director

The Sports Management major is designed to prepare graduates to become leaders in this exciting and varied field. Students will select from one of three exciting tracks: Sports Coaching, Sales and Marketing, or Entrepreneurship and Small Business Development. All students in this major field of study will also complete 18 credits of Bible & Theology training. We believe that this training is essential in the support of NCU's institutional mission of "preparing students to fulfill Biblical models of leadership & ministry throughout the world." The knowledge and insights from this field of study are meant to enhance the student's spiritual preparation for a life of serving God whether that be in a secular or Christian environment. Students will benefit from North Central's location as the Twins Cities has nine professional sport teams, numerous colleges, a strong park & recreation district and many private fitness clubs to enhance the classroom experience with practical experience and on the job training.

Youth Development Studies

Bachelor of Arts or Science Degree

DESCRIPTION

124 Credit Hours

College of Church Leadership

Dr. Lon Flippo, Director

A Youth Development major prepares students with the flexibility to work with children or youth in a variety of settings not requiring teacher certification. North Central University is the **only Christ-centered Pentecostal** Youth Development major in the United States offered in an urban setting. Designed to provide students with a comprehensive, basic curriculum needed to work in careers with individuals ages 12 - 21 in a variety of settings it is one of the fastest growing majors in America in the last five years.

Graduates may find themselves working in school settings such as recreation and sports, after-school programs, outdoor/eco-friendly education, juvenile justice, residential and special education, mentoring programs or faith-based programs.

The curriculum is based on the significance of relationships, the power of youth engagement and quality interactions. Coursework connects developmental theory, current brain research, and best practices. Class themes include positive youth development, developmental assets, risk and resiliency, youth engagement, experiential learning, and quality programs for youth.

Graduates of the Youth Development Studies program will understand adolescent educational and developmental issues for the various programs in a specific area by:

- Knowing the various types of literature and curriculum available
- Understanding the historical and sociological contexts and addressing issues and concerns with a Christian perspective
- Being aware of and able to use the technological resources available
- Being able to evaluate curriculum options and relate to the needs of adolescents
- Being able to select curricula appropriate to the various levels of adolescent development
- Understanding the developmental and spiritual stages of personal growth, individual learning styles, educational methodologies and group dynamics

- Having a sincere desire and the ability to help and care for adolescents from all socioeconomic, cultural and ethnic backgrounds
- Effectively communicating Bible and theology, along with Assemblies of God doctrine
- Be able to demonstrate and teach Pentecostal Distinctives

All students must complete the General Education Core and Christian Studies Core. In addition, all Youth Development Studies majors are required to complete the Youth Development Studies Core program and have the option to select the minor of their choice as an area of emphasis. EXPLORATORY STUDIES

DESCRIPTION

Student Success Center
Stephanie Ritter, Director

Exploratory Studies is a starting point for students who have not yet decided what they will pursue as their Undergraduate degree. Your first year at North Central will be focused on accumulating general education and elective credits, while helping you explore the degree path that may be right for you. You will be ready to transfer into any NCU major and, if interested, may complete an Associates of Arts (AA). Through this track, you will have the opportunity to explore many fields and have a variety of experiences that will add to your time at North Central. Students must declare a major once 60 credits have been earned.

What sets up apart

- Close partnership with Career Services that includes free assessments
- Exposure to other departments through scheduled college chapels

READING AND INTERPRETING SCRIPTURE

BIBL 220

Credits: 3

Prerequisite(s): BIBL 126 or BIBL 127

Description:

This course examines principles for determining the meanings of biblical materials in their original context as well as principles for articulating the significance of those meanings in contemporary life. Special attention will be given to evaluating broad frameworks often used in interpretation, such as Dispensationalism and Covenant Theory.

PSALMS

BIBL 232

Credits: 3

Prerequisite(s): BIBL 126

Description:

This course is a survey of the genre and role of psalms in ancient Israel and in the church. Representative psalms will be examined with an eye toward theological content and spiritual application.

LUKE-ACTS

BIBL 243

Credits: 3

Prerequisite(s): BIBL 127

Description:

This course focuses on the narrative framework of Luke-Acts along with the major historical and critical questions involved in the interpretation of Luke-Acts. Special attention is given to the theological themes of this two volume work and how they illustrate the author's theology and the narrative unity of the two works. Special emphasis will be given to a Pentecostal interpretation of Luke-Acts.

THE MINOR PROPHETS

BIBL 335

Credits: 3

Prerequisite(s): BIBL 126 and BIBL 220

Description:

The twelve Minor Prophets are put in their historical context and their literary forms and their connection to the rest of Scripture are explored. Attention is given to both the political and economic life of their original audience and the theological insights of their authors.

JEREMIAH

BIBL 337

Credits: 3

Prerequisite(s): BIBL 126 and BIBL 220

Description:

This study will include a chapter-by-chapter analysis of the prophet Jeremiah's oracles, detailing both his messages of doom and hope. The use of these prophecies by both Judaism and Christianity will be examined. The relation between Jeremiah and Baruch and the manner of the book's composition will also be considered.

ROMANS AND GALATIANS

BIBL 343

Credits: 3

Prerequisite(s): BIBL 126 and BIBL 220

Description:

This course will focus on two books by the Apostle Paul that are often studied together because of their thematic similarities. The setting of each within Paul's ministry will be examined, as will the social and historical contexts that occasioned the writing of these epistles. Special emphasis will be placed on identifying the key elements of Paul's distinctive "gospel" as it relates to both Jew and gentile.

PRISON EPISTLES

BIBL 345

Credits: 3

Prerequisite(s): BIBL 127 and BIBL 220

Description:

Ephesians, Philippians, Colossians and Philemon are often studied together since church tradition suggests Paul wrote each of them during his "first imprisonment" in Rome. All four epistles provide significant

information about the identity and praxis of churches founded and influenced by Paul, with resulting application for today.

THE GOSPEL & EPISTLES OF JOHN

BIBL 347

Credits: 3

Prerequisite(s): BIBL 127 and BIBL 220

Description:

This study of the Gospel and Epistles of John is designed to assist the student in appreciating John's unique witness to Jesus, in exploring the situation in which this literature was written, and in becoming familiar with the character and spirit of John's theology.

TIMOTHY & TITUS

BIBL 348

Credits: 3

Prerequisite(s): BIBL 127 and BIBL 220

Description:

I & II Timothy and the Epistle of Titus are considered in depth with emphasis on the teachings of the Epistles as they relate to the Church and Christian ministry.

PENTATEUCH

BIBL 357

Credits: 3

Prerequisite(s): BIBL 126 and BIBL 220

Description:

The first five books of the Bible are studied with emphasis upon the historical events they report, the major biographies they present and prominent themes they unfold.

ISAIAH

BIBL 362

Credits: 3

Prerequisite(s): BIBL 126 and BIBL 220

Description:

The book of Isaiah is studied both as a literary composition and in the light of historical and archaeological evidence from the Ancient Near East. Major themes such as the importance of faith, the hope for a Messiah,

the preservation of a righteous remnant and the Suffering Servant are examined, as is the phenomenon of Old Testament prophecy in general.

CORINTHIAN LETTERS

BIBL 364

Credits: 3

Prerequisite(s): BIBL 127 and BIBL 220

Description:

By exploring Paul's dealings with his most troublesome church through the lens of I and II Corinthians, valuable insight is gained into the dynamics of the Pauline mission. The major themes of these books and the geography, archaeology and history of Corinth will also be examined.

REVELATION

BIBL 370

Credits: 3

Prerequisite(s): BIBL 127 and BIBL 220

Description:

This course will focus on study of the Apocalypse of John and the Old Testament images it evokes. As the distinctive characteristics of apocalyptic literature are highlighted, extra-biblical apocalyptic literature may also be examined. Particular attention will be given to the relationship between prophecy and apocalyptic.

HEBREWS

BIBL 440

Credits: 3

Prerequisite(s): BIBL 127 and BIBL 220

Description:

This detailed study of the book of Hebrews emphasizes the supremacy of Jesus Christ as the perfect fulfillment of God's total plan revealed to mankind.

GENESIS

BIBL 451

Credits: 3

Prerequisite(s): BIBL 126 and BIBL 220

Description:

This course will be an in-depth study of the first book of the Torah. The central theological themes of creation, God, humanity, the fall, redemption, judgment and covenant will be investigated in detail. The patriarchal narratives will be examined with an eye towards understanding the historical context, investigating what those narratives are about, and discovering the significance of these Scriptures today. Some basic critical issues in the study of the text will also be introduced.

SYNOPTIC GOSPELS

BIBL 458

Credits: 3

Prerequisite(s): BIBL 127 and BIBL 220

Description:

The interdependence of the gospels of Matthew, Mark, and Luke (the Synoptic problem) will be examined, along with each gospel's particular emphases and themes. On a rotating basis one of the gospels will be the primary foundation around which the class will be structured.

TOPICS IN HISTORY, CULTURE AND METHOD

BIBL 466

Credits: 3

Prerequisite(s): BIBL 126 or BIBL127 and BIBL 220

Description:

Through examination of focused topics, this course will expose students to major issues and methods of study used in Biblical Studies. Intended for advanced students, the specific topic examined in this course will vary from semester to semester. This course may be repeated for credit.

ADVANCED CONCEPTS IN OFFICE SOFTWARE

BUS 121

Credits: 3

Description:

An excellent elective for any major, this course goes beyond the fundamentals by covering the more advanced concepts and techniques of office software functions for skilled users. The content of the course is designed to advance students in the direction of office software certification exams. Students who have taken BUS 120 or who are already well acquainted with Microsoft Office (Word, Excel, Access and PowerPoint) may take this course.

INTRODUCTION TO BUSINESS

BUS 161

Credits: 3

Description:

This course is a prerequisite to most other Business courses. Course content builds a framework of business fundamentals in key areas including: ethics, international business, management, finance, marketing, and entrepreneurship, along with crucial professional skills, all foundationally necessary for further study in business and/or marketplace preparedness. Relevance and application is accomplished by introducing business from the perspective of real people making real business decisions at leading companies, in addition to building a real business plan. A Christian worldview is emphasized throughout, tackling challenging issues faced by Christians in the marketplace.

CAREER SEMINAR IN BUSINESS

BUS 180

Credits: 2

Description:

This course is designed for career orientation, discovery, and evaluation in business. A major component of the class includes a presentation of various careers in marketing, accounting, and finance, sports management, general business, and entrepreneurship. Additionally, students will focus on professional development including resume development and an online profile.

COMMUNICATIONS FOR BUSINESS

This course introduces students to the basics of desktop publishing and web site design. Using Microsoft Publisher, students will design flyers, brochures, newsletters, and business cards. Using Microsoft FrontPage, students will learn web site creation, web site management, incorporating Java applets, sound and video on the web. Extra lab work may be required.

PRINCIPLES OF MANAGEMENT

BUS 250

Credits: 3

Description:

Principles of Management is an introductory course examining the role of the manager in modern business. This course will survey the history of management and management theory, in addition to applying

contemporary management principles of planning, organizing and controlling in real-world business scenarios. There is an emphasis on understanding through application; therefore, much of the content is taught through mini-projects. This class would be of value for students who intend on being in any leadership position, regardless if in the secular marketplace, nonprofit sector or church.

PRINCIPLES OF MICROECONOMICS

ECON 251

Credits: 3

Description:

This course examines how individuals make consumption decisions (demand) and how firms make production decisions (supply). These decisions are affected by factors such as market structure, level of economic efficiency, market failures, and government policies.

ENTREPRENEURSHIP & SMALL BUSINESS MANAGEMENT

BUS 255

Credits: 3

Prerequisite Note(s): Requires Junior status or instructor approval.

Description:

This class addresses the unique experience of conceiving, evaluation, creating, managing and potentially selling a business, a process called entrepreneurship. The goal is to provide a solid background with practical application of important concepts applicable to the entrepreneurial environment. Entrepreneurial discussions will focus on the key business areas of finance, accounting, marketing and management and will include the creative aspects of entrepreneurship. The course relies on classroom discussion, participation, guest speakers, case analysis, the creation of a feasibility plan, and building a business plan to develop a comprehensive strategy for launching and managing a business. Students will need to draw upon their business education and experience, and apply it to the task of launching a new venture. Students are expected to interact with the business community and advisors, be able to work effectively in teams, and be active participants in classroom discussions and exercises.

PRINCIPLES OF MACROECONOMICS

ECON 256

Credits: 3

Description:

Current:

This course examines the U.S. economy from the big picture or “macro” perspective. Specifically, we learn how the economy grows and shrinks and we examine the interactive effects of economic phenomena such as

inflation, unemployment, and interest rates on that growth and shrinkage. We also examine fiscal and monetary policies that are used to influence the economy and how those policies impact individuals.

STATISTICS & DECISION MAKING

BUS 261

Credits: 3

Prerequisite(s): MATH 125

Description:

This statistics class includes a study in descriptive and inferential statistics, emphasizing statistical measures and accounting concepts which are essential for making informed business decisions. Elements of risk, decision models and capital management will be covered.

PRINCIPLES OF MARKETING

BUS 265

Credits: 3

Prerequisite(s): BUS 161 or MUS 231

Description:

This course introduces marketing from a practical, real-world perspective by fostering the development of decision-making skills through the presentation of the most important current trends in marketing. It introduces marketing from the perspective of real people making real marketing decisions at leading companies every day. Students will come to understand that marketing is about creating value—for customers, for companies, and for society as a whole—and they will see how that is accomplished by working with a real client throughout the semester to build a marketing plan.

PRINCIPLES OF ACCOUNTING I

BUS 267

Credits: 3

Prerequisite(s): BUS 161 or MUS 231

Description:

Knowledge of the fundamentals of financial accounting enable students to achieve a basic working insight into accounting and its uses. Emphasis is placed on the need to understand both the conceptual and procedural framework of accounting. The course will include preparing financial statements, measuring and reporting assets and current liabilities, special reports and analysis of accounting information, and accounting for partnerships and corporations.

PRINCIPLES OF ACCOUNTING II

BUS 277

Description:

An introduction to managerial accounting and how accounting information is used in managerial decision making. Topics include accounting for corporations, cash flow statements, financial statement analysis, managerial accounting, job and process cost accounting, cost-volume-profit relationships, budgeting, and financial performance evaluation.

NON-PROFIT ADMINISTRATION

BUS 281

Credits: 3

Description:

This course covers management best practices for leading a nonprofit organization. You will gain an understanding of the nonprofit sector and the issues that leaders face in this exciting and growing field. You will also be exposed to the major areas of responsibility for nonprofit leaders, including strategy, managing employees, fundraising, grant writing, board governance, and marketing and social media.

CHRISTIAN LEADERSHIP & ETHICS

BUS 324

Credits: 3

Prerequisite(s): BUS 161 or MUS 231

Description:

Emphasizing the development of leadership and character skills, this course explores various aspects of leadership and ethical actions within business settings. It explores how a Christian world-view affects business management, leadership, and decision-making. Ethical principles are explored, and the utilization of case studies involving ethical dilemmas will challenge the use of these principles.

NOT-FOR-PROFIT ACCOUNTING

BUS 340

Credits: 3

Prerequisite(s): BUS 277

Prerequisite Note(s): or permission from the department chairperson.

Description:

This course focuses on teaching students how to use financial information to make decisions in public and not-for-profit organizations. The first half of the course focuses on developing, implementing and controlling agency financial plans. The course covers an introduction to financial management, the development of operating budgets, tools for short-term decision-making, capital-budgeting decisions, and the analysis of long-term financial options. The second half of the course focuses on summarizing, reporting on and analyzing an organization's financial position, and the results of its operations.

ADVANCED PRINCIPLES OF MARKETING

BUS 350

Credits: 3

Prerequisite(s): BUS 265

Description:

Advanced marketing builds on the principles and concepts taught in Marketing Principles. One of the most effective tools to hedge against market risk and distance similar products or services from competitors is an organization's underlying brand identity. The course provides insights into how to create profitable brand strategies by building, measuring, and managing brand equity. Social media marketing will be introduced as it relates to brand development and management. Throughout the course, a biblical and ethical perspective of branding will be addressed.

SOCIAL ENTREPRENEURSHIP & ECONOMIC DEVELOPMENT

BUS 355

Credits: 3

Prerequisite(s): BUS 161

Description:

Social entrepreneurship is a rapidly developing field of business in which entrepreneurs are using business methods to help solve social and environmental challenges otherwise ignored or missed by commerce and addressed predominately with often unsustainable donor-driven models by the nonprofit sector. This field includes "social entrepreneurship," where employees in existing companies similarly are developing new income opportunities for their firms by addressing social and environmental challenges in a profitable, scalable manner. Using the social enterprise concept, it is now increasingly possible for major companies to move social responsibility from a cost center to a profit center. In this evolving landscape, social entrepreneurs are at the vanguard of creating new business models for neglected markets that corporations

can emulate, partner with or acquire to take to scale. As the traditional lines blur among nonprofits, government and business, it is critical that business students understand the opportunities and challenges in this new landscape. Through guest speakers, case discussion, lecture and student presentations this course will explore this emerging field. Students will learn what a social enterprise is and how it is the same as well as different from other types of business. Students will be expected to develop a business plan summary and investment 'pitch' to scale a social enterprise.

CORPORATE FINANCIAL MANAGEMENT

BUS 361

Credits: 3

Prerequisite(s): BUS 161, BUS 267, and BUS 277

Prerequisite Note(s): instructor's permission.

FINANCIAL STATEMENT ANALYSIS

BUS 415

Credits: 3

Prerequisite(s): BUS 267

Description:

This course will provide you with tools to analyze and exploit information in corporate financial statements. The course will teach you how to use financial statement information for firm valuation and other economic decisions. The course will also help you understand and analyze the issues that corporate managers face as they design and implement financial reporting strategies, increasing your ability to assess accounting quality, and detect and undo earnings management. The analytical framework and practical tools of this course will help you to improve your ability to read and analyze financial statements, which should be useful whether your career interests arise in finance, marketing, strategy, consulting, accounting, operations, or entrepreneurship.

SALES AND MARKETING

BUS 425

Credits: 3

Prerequisite(s): BUS 265

Description:

The course will examine the elements of an effective sales force as a key component of the organization's total marketing effort. The course will extend student's understanding of marketing's reach and potential impact in achieving its overarching goals. Course discussions include the sales process, the relationship between sales and marketing, sales force structure, customer relationship management, use of technology to improve sales force effectiveness, and issues in recruiting, selecting, training, motivating, compensating and retaining salespeople. The course also is focused on professional B2B sales issues and sales management. Students learn to apply the discussion topics through an interactive project worked on throughout the course. The course is primarily an interactive discussion including debates, cases, and multiple opportunities to apply the theories that are discussed. A critical element of the class is a group project simulating a typical, though complex, sales management situation.

ADVANCED NONPROFIT MANAGEMENT

BUS 440

CREATIVE NONFICTION WRITING

COMM342

Credits: 3

Prerequisite(s): ENG 124 or ENG 126

Description:

Creative Nonfiction is a new name for an old game—belles letters, literary nonfiction, New Journalism, and the 4th genre are all just alternate nomenclature for this growing body of writing which positions itself in the grey world between fiction and nonfiction, refusing to accept the determined label of either. The beginning of all creative nonfiction is writers who have been given permission to allow their experiences in the world to creatively shape their writing, allowing personality and flavor to come back into the often dry world of nonfiction. As a result of the relatively recent emphasis on creative nonfiction (as its own genre), new angles of perception have arisen in the role of the voice, the use of research, the value of story, the need for point of view, and range of form and language possibilities. Naturally an emphasis in this course will be placed on memoir, personal essay, travel writing, literary journalism, nature writing, history writing, autobiography writing and more.

[Cross-listed as ENG 342]

This course continues with the topics of Algorithms and Data Structures, Databases, Operating Systems, Formal Languages, Regular Expressions, Programming Languages, "the cloud" (SaaS, IaaS, PaaS), Networking and the Internet, Security, Functional programming, Object-oriented programming/SOLID, and many others.

DATABASE THEORY & PROGRAMMING

CSCI 310

Credits: 3

Prerequisite(s): CSCI 160

Description:

This course emphasizes the use of the computer as a tool to collect, organize and analyze data. Students will learn how to identify, model and manipulate data in order to extract the maximum amount of information.

ALGORITHMS & DATA STRUCTURE

CSCI 320

Credits: 3

Prerequisite(s): CSCI 210

Description:

This course presents a core suite of data structures and the algorithms used to implement them. Students will gain an understanding in how to solve various data problems by analyzing and selecting the proper structures and the most efficient algorithms.

DATA COMMUNICATION & NETWORKING

CSCI 350

Credits: 3

Prerequisite(s): CSCI 210

Description:

This course includes concepts, principles, protocols, and applications of computer networks. Layered network architectures, data link protocols, local area networks, routing, transport, network programming interfaces, and networked applications. Examples from Ethernet, Token Ring, TCP/IP, HTTP, WWW.

OPERATING SYSTEMS

CSCI 360

Credits: 3

Prerequisite(s): CSCI 210 and CSCI 250

Description:

This course presents computer organization, structure of operating systems, memory management, process management, resource allocation, and operating system monitors. Alternative approaches to operating system design.

SOFTWARE ENGINEERING

CSCI 370

Credits: 3

Prerequisite(s): CSCI 260

Description:

This is a survey course covering software engineering concepts, techniques, and methodologies. Topics covered include software engineering; software process and its difficulties; software life-cycle models; project planning including cost estimation; design methodologies including structured design, data-structure oriented design, object- oriented design; and software testing.

DATABASE ADMINISTRATION

CSCI 420

Credits: 3

Prerequisite(s): CSCI 310 and CSCI 350

Description:

This course presents techniques in commercial/research-oriented database systems. Catalogs. Physical storage techniques. Query processing/optimization. Transaction management. Mechanisms for concurrency control, disaster recovery, distribution, security and data integrity.

SYSTEMS ANALYSIS & DESIGN

CSCI 430

Credits: 3

Prerequisite(s): CSCI 310, CSCI 350 and CSCI 360

Description:

This course presents requirements management, analysis, and design of computer system solutions targeting business objectives. System development life cycle. Development methodologies.

NETWORK & SYSTEMS ADMINISTRATION

CSCI 450

Credits: 3

Prerequisite(s): CSCI 210 and CSCI 350

Description:

This course is an introduction to computer networking. Topics include: network architecture, switching, routing, algorithms, protocols, infrastructure hardware, cable plant, security, network management. Lecture, expert guest speakers, labs.

ADVANCED MOBILE & WEB DEVELOPMENT

CSCI 480

Credits: 3

Prerequisite(s): CSCI 260, CSCI 310 and CSCI 350

Description:

This course focuses on the development of applications on mobile platforms. Emphasis is placed on the development of applications for current and emerging mobile computing devices. Students include the following factors into their development projects: platform capabilities, user characteristics, and networking infrastructure.

INTERNSHIP

CSCI 490

Credits: 3

Prerequisite(s): Instructor Permission

Description:

This course involves a field experience in computer science. The emphasis is tailored to the needs and interests of the student.

SENIOR PROJECT

CSCI 495

Credits: 3

Prerequisite(s): Instructor Permission

Description:

A capstone experience for computer science majors in their senior year. Each student works on an in-depth, guided project, culminating in both a written report and an oral presentation.

Critical Thought

HISTORY OF WESTERN PHILOSOPHY

CT 210

Credits: 3

Description:

This course surveys the major philosophers and philosophies in the history of Western thought that have had a significant formative effect on the development of theories of law and state, epistemology, religion, theology and ethics. Having studied these theories and systems of thought, students should be prepared to deal with the wide range of issues encountered in other disciplines where this basic knowledge of philosophy is foundational.

ANCIENT & MEDIEVAL PHILOSOPHY

CT 211

Credits: 3

Description:

This course examines important ancient and medieval philosophers and their ideas in the great tradition of Western philosophy. The course spans from the pre-Socratics up to, but not including, Descartes. In addition, reading of primary materials allows the student to encounter philosophical thought firsthand.

MODERN PHILOSOPHY

CT 212

Credits: 3

Description:

The major topics of philosophical thought are studied to give an understanding of both the nature of the problems involved in each topic and the particular theories developed by significant modern philosophers beginning with Descartes. In addition, reading of primary materials along with general studies allows the student to encounter philosophical thought firsthand.

VISIONS OF THE GOOD: ETHICS AND WORLDVIEW

CT 213

Credits: 3

Description:

Designed to develop an ability to identify and critique the basic criteria of various ethical systems, the course surveys the major schools of ethical theory, examines the writings of significant theorists and applies this knowledge to current ethical problems.

CURRENT PHILOSOPHICAL ISSUES

CT 215

Credits: 3

Description:

This course examines current issues in society to discover both the philosophical underpinnings on which they are based, as well as the effects they have in the course of daily life. All positions on practical issues are based on philosophical theories. To uncover these traditional theories, the writings of various current thinkers are analyzed. With the philosophical system exposed, an evaluation of the reasons for holding the position is made.

EXPLORING FAITH AND REASON

CT 220

Credits: 3

Description:

This course examines the role reason should play in the Christian life by focusing on the major historical and contemporary writings that address the tension between faith and rationality and related issues. Special attention will also be given to the relationship between Christian faith and public life by discussing the sacred-secular dichotomy and reflecting on how it prevents Christians from loving God with all their minds.

CHRISTIAN APOLOGETICS

CT 246

Credits: 3

Prerequisite(s): Either THEO 114 or THEO 210

Description:

Christian Apologetics resembles the philosophy of religion, except that it is always conducted from a stance of faith. While traditionally the term apologetics signifies "a defense of the faith," it has a positive as well as a

defensive side. Proofs for the existence of God, explanations of the human condition, and the problem(s) of evil fall under the purview of apologetics, as do the defense of miracles and belief in an afterlife.

POETRY WRITING

ENG 341

Credits: 3

Prerequisite(s): ENG 124

Description:

This course will be primarily organized as a writing workshop. Students will submit poems for analysis and critique. We'll spend a majority of our time improving individual writing through assignments, exercises, analysis, and through the study of poetic elements and techniques. You will have the opportunity to experiment in both formal and free verse. A variety of poets will be studied. You will familiarize yourself with the language and tools of a poet, enhancing your understanding of structure, sound, form, imagery, tone, metaphor, voice, style, and revision. Best of all, you'll have a number of poems explode inside you, and I'm sorry to tell you, you'll never recover.

CREATIVE NONFICTION WRITING

ENG 342

Credits: 3

Prerequisite(s): ENG 124

Description:

Creative Nonfiction is a new name for an old game—belles lettres, literary nonfiction, New Journalism, and the 4th genre are all just alternate nomenclature for this growing body of writing which positions itself in the grey world between fiction and nonfiction, refusing to accept the determined label of either. The beginning of all creative nonfiction is writers who have been given permission to allow their experiences in the world to creatively shape their writing, allowing personality and flavor to come back into the often dry world of nonfiction. As a result of the relatively recent emphasis on creative nonfiction (as its own genre), new angles of perception have arisen in the role of the voice, the use of research, the value of story, the need for point of view, and range of form and language possibilities. Naturally an emphasis in this course will be placed on memoir, personal essay, travel writing, literary journalism, nature writing, history writing, autobiography writing and more.

[Cross-listed as COMM 342]

LITERARY JOURNAL PRACTICUM

ENG 346

Credit: 1

Prerequisite(s): ENG 124

Description:

Geography

GEOGRAPHY

GEOG 262

Credits: 3

Description:

This course, while designed to meet the 5-8 social studies endorsement for elementary education students and the 5-12 social studies licensure for secondary education students, may be taken as a general elective.

This course examines geography as the intersection of all physical and human phenomena at individual places and of how interactions among places form patterns and organize space. The student will not only study the basic land forms, map interpretation, water systems, weather, climate, water systems and ecology, but will also study elements of cultural geography and political geography as well.

Government

INTRO TO GOVERNMENT

GOVT 224

Credits: 3

Description:

This is an introductory course focusing on the basics of American state and national Government, with occasional reference to other government systems. Topics covered include the constitution; the federal system; political participation; the role of media, interest groups, and political parties; federal government structure; and policymaking.

INTRODUCTION TO POLITICAL SCIENCE

GOVT 370

Credits: 3

Description:

In the course of our secondary educations, most of us are taught something about the political history of the Western world. However, much less time is spent on the ideas that inform major political movements or how contemporary societies organize for government. This course will attempt to address that lack by examining political philosophy in its historical and contemporary contexts. Although this course will examine the differing types of governments around the world, a special emphasis will be placed on American government and political philosophy and how this nation contributes to both conflict and cooperation with other nations. This course, while designed to meet the social studies endorsement for elementary education students and the 5-12 social studies licensure for secondary education students, may also be taken as a general elective.

General Studies

STRATEGIES FOR SUCCESS SEMINAR

GS 142

Credits: 0

Description:

This essential seminar provides students with the information and skills needed to excel in the classroom and launch their college career. While K-12 is a right to education, higher education is all about staying eligible. No longer is it about just moving through the grade or the classroom, it is about meeting the standards set.

Students learn steps to getting organized, gain the right mindset toward studying, and make your study sessions count. Students will also learn steps towards tackling the elusive college paper along with additional academic information pertinent to a successful year at NCU. This is a required workshop for provisionally admitted students who do not meet the GPA admissions requirement and will be offered during Welcome Week. Students will be required to achieve a 2.0 GPA during their first semester or be enrolled in GS 143 during their second semester.

STRATEGIES FOR SUCCESS I

GS 143

Credits: 2

Description:

This course is designed to help students achieve greater success in college and in life. The interactive environment enables students to identify and develop the beliefs, attitudes, behaviors and skills that lead to academic, career and personal success. Students will learn to take charge of their lives, improve self-management, and increase confidence while discovering how to maximize their learning. Other topics include note-taking, test-taking, memory and concentration, paper planning and research methods, as well as utilizing campus resources and services. This course is required for provisionally admitted students who do not meet the GPA and ACT admissions requirement and will be taken during their first semester.

STRATEGIES FOR SUCCESS II

GS 144

Credits: 1

Description:

This course in conjunction with Strategies for Success I is designed to continue offering support and accountability to provisionally admitted students, addressing needs such as motivation, direction, self-efficacy, study skills, college-level writing, and time management. This “class” will take place in an individual setting and be carried out as individual meetings with the Academic Specialist so as to address individual needs of students. Provisionally admitted students will have one full academic year to achieve a CUM GPA of a 2.0.

STRATEGIES FOR SUCCESS III

GS 145

Credits: 1

Description:

This course is a required course for students on provisional continuance and designed to increase retention of these students. The goal is to understand and offer support at the point of actual need for each of these students. To allow the instructor to address the unique situations of each student, individual meetings will be scheduled throughout the semester rather than a class setting. The Academic Specialist will meet weekly with each student. Each student will develop an Academic Improvement Plan under the guidance of the Academic Specialist, and the semester will be spent implementing that plan. Students on provisional continuance are working toward achieving “good academic standing”.

Graduate Studies

PERSONAL LEADERSHIP DEVELOPMENT

GLE 500

Credits: 3

Description:

There are many different concepts concerning leadership. This introductory course explores the principles of spiritual leadership that are revealed in the Bible and exemplified in the lives of Jesus Christ and subsequent spiritual leaders. The course materials review selected writings from both sacred and secular authors to give the student a broad perspective of leadership, with primary emphasis placed on spiritual models.

*For Undergrads, this course can be taken with permission of the Dean of Graduate Studies as a general elective to meet degree requirements.

LEADERSHIP STRATEGIES & CHANGE

GLE 550

Credits: 3

Description:

This course investigates the analytical process that enables leaders to make effective and efficient (strategic) organizational decisions for sustainable impact, with emphasis on the manner in which leaders can persuade members to bring about successful organizational change. It is a study of the methods and nature of strategic planning, including the internal and external environments and opportunities leaders face in strategic planning, the leader's task in responding to the variables within these environments, and the impact of these variables on strategic choices. Topics include how to assess critical variables impacting organizations, key factors in the change process, and communicating essential observations and recommendations.

*For Undergrads, this course is cross-listed with BUS465 and can be taken with permission of the Dean of Graduate Studies in place of that course to meet degree requirements.

PROJECT MANAGEMENT

GLE 625

Credits: 3

Description:

Effective project management knowledge, skills, and values are critical to leading successfully in corporate project environments and to accomplish organizational objectives. This course will equip learners with knowledge, skills and values— by explaining core project management concepts and techniques. During the course, project management knowledge is enhanced through project management skill development that uses case study examples to demonstrate how project management best practices are applied within the context of the real world.

The course is intended for students as well as for working professionals. The course is designed to present the essential skills students need to make effective contributions and to have an immediate impact on the accomplishment of projects in which they are involved. It prepares students with marketable and transferable proficiencies and sends them into the workforce ready to apply project management knowledge and skills.

While professional certification is optional for participants in the course, the course is intentionally structured to encourage certification through the Project Management Institute. For students, the course will prepare them to take the Certified Associate in Project Management (CAPM) examination. For working professionals with requisite project management experience, the course will prepare them to apply for and take the Project Management Professional (PMP) examination.

*For Undergrads, this course can be taken with permission of the Dean of Graduate Studies in place of that course to meet degree requirements.

A major project and presentation will focus and integrate the students' theoretical and service learning experience.

CROSS CULTURAL INTERNSHIP

ICS 485

Prerequisite(s): ICS 484, ICS 352, and ICS 252

Prerequisite Note(s): Credits: 0*

*Students are responsible for all travel and living costs for the internship duration.

Description:

This supervised internship is a cross cultural field experience that can be based either internationally or in the US, lasting 8-10 weeks. It offers the advanced intercultural studies student an opportunity to balance language and culture skills as they actively engage in ministry while negotiating the demands of living cross culturally. This internship experience will also challenge students to grow spiritually, discern their calling and spiritual gift mix, observe exemplary missional models and leaders, and apply previous classroom theory while living in a daily cross cultural context. Students are encouraged to begin research for their Senior Synthesis while on their cross cultural internship.

COMMUNITY DEVELOPMENT

ICS 492

Credits: 3

Prerequisite(s): ICS 252 and ICS 261

Prerequisite Note(s): Requires instructor permission.

Description:

An introduction to the theories and strategies of community development with an emphasis on empowerment and transformation at the local level. Drawing on experience from ministry sites, students will explore the causes of poverty and discuss their implications for community development work. Special attention will be given to holistic, contextualized approaches that incorporate biblical transformation into community development.

INTERNATIONAL SEMINAR

ICS 496

Credits: 2

Prerequisite(s): ICS 485

Description:

Through the lens of the International Internship experience, students will reflect on various personal issues such as emotional, spiritual, academic, relational, and physical aspects of the internship. Wider important issues reflected on and discussed are: culture entry, language and culture learning, effective ministry models and strategies, interpersonal communication and conflict resolution, spiritual leadership development, leadership dysfunction, personal giftings and call to ministry.

SENIOR SYNTHESIS

ICS 497

Credits: 3

Prerequisite(s): ICS 352, ICS 485, and students must be of senior standing.

Description:

This course is a culminating learning experience for the advanced intercultural student, which concludes their ICS degree with a synthesis project that applies anthropological, Biblical, qualitative, and library research to their desired area. Original research from their cross cultural internship may be supplemented by a literature review focusing on: history, politics, religion, worldview, economics, social needs, and current ministry approaches and strategies among their chosen ethnic group. This class takes the form of individualized, directed research projects that are professionally and publically presented to prepare the student both for ongoing educational endeavors as well as life within a specific field or type of cross cultural ministry.

SENIOR PROJECT

INDS 495

Credits: 3

Description:

This course is required of Interdisciplinary majors in the following fields: History and Social Sciences. All other Interdisciplinary programs require the Senior Project specific to their Field 1 of study. This course constitutes the capstone course for the interdisciplinary major. The course methodology and content will vary depending on the student's needs. Successful senior projects in the past have included both major scholarly papers and supervised experiential learning projects with a follow-up paper.

Mathematics

LIBERAL ARTS MATH

MATH 115

Credits: 3

Prerequisite Note(s): Students scoring under 18 on the Math portion of the ACT or under 420 on the SAT must take MATH 115

Description:

This course emphasizes modern, accessible, and applied mathematics. Topics include critical thinking, growth, shape and form, probability and statistics, personal finance, and social choice. The course is intended for students in programs that do not require College Algebra.

COLLEGE ALGEBRA I

MATH 125

Credits: 3

Description:

This course studies basic ideas and concepts in algebra and geometry necessary to understand statement problems, statistics and the basic laws of science. Topics include the real number system, exponents and polynomials, linear equations, inequalities, factoring, rational expressions, radical expressions and quadratic equations.

COLLEGE ALGEBRA II & TRIGONOMETRY

MATH 250

Credits: 3

Prerequisite(s): MATH 125

Prerequisite Note(s): Students scoring over 24 on the Math portion of the ACT or over 550 on the SAT may take MATH 250

Description:

This course studies more advanced ideas and concepts in algebra and trigonometry. Topics include functions, graphing linear and polynomial functions, mathematical modeling, trigonometric functions, matrices, determinants, sequences and series.

STATISTICS

MATH 260

Credits: 3

Description:

This statistics class includes a study in descriptive and inferential statistics, emphasizing measures of central tendency, probability, correlation and non-parametric statistics essential for research and interpreting professional studies.

CALCULUS I

MATH 280

Credits: 4

Prerequisite(s): MATH 250

Prerequisite(s) Note: or instructor's permission.

Description:

This course studies basic ideas of differential calculus and its applications and an introduction to integral calculus. Topics to be covered include limits and continuity, derivatives of various functions, definite integrals, fundamental theorem of calculus, indefinite integrals, and applications.

CALCULUS II

MATH 290

Credits: 4

Prerequisite(s): MATH 280

Description:

This course will help students develop an understanding of the concepts of integral calculus. Students will also learn how to model situations with integrals. Topics to be covered include techniques of integration, area, volume, and polar coordinates. Minimum Prerequisite: MATH 280.

LINEAR ALGEBRA

MATH 300

Credits: 3

Prerequisite(s): MATH 280

Description:

This is an introductory course in linear algebra. Topics covered in the course will include: matrix algebra, determinants, vectors and vector spaces, transformations, orthogonality, eigenvalues and eigenvectors and applications.

GEOMETRY

MATH 320

Credits: 3

Prerequisite(s): MATH 280

Description:

This is a comprehensive geometry course that covers geometric terms and processes, geometric proofs, problem solving, and the use of geometric learning tools and models. The course will enable the student to understand geometry from both abstract and concrete perspectives.

PROBABILITY AND STATISTICS

MATH 330

Credits: 4

Prerequisite(s): MATH 290

Prerequisite Note(s): or Instructor's permission

Description:

This is a basic probability and statistics course that covers empirical and theoretical probabilities and a study of descriptive and inferential statistics. The course will present students with the fundamental ideas in probability and statistics and will show them the extensive everyday applications of both disciplines. Students will use the computer as a mathematical tool to simulate and analyze problems. Minimum Prerequisite: MATH 290 Calculus II or consent of instructor.

DISCRETE MATHEMATICS

MATH 340

Credits: 3

Prerequisite(s): MATH 280

Description:

This is an introductory course in discrete mathematics. The course will survey discrete mathematical concepts such as: logic, set theory, proof writing, basic number theory, relations and functions, fundamentals of counting, basic graph theory, trees and algorithms.

MULTIVARIABLE CALCULUS

MATH 360

Credits: 4

Prerequisite(s): MATH 290 and MATH 340

Description:

This course is primarily concerned with the calculus of real and vector-valued functions of several variables. Topics include lines and planes, differentiation and integration of functions of several variables, optimization, line integrals and Green's theorem.

ABSTRACT ALGEBRA

MATH 410

Credits: 3

Prerequisite(s): MATH 360

Description:

Algebraic structures will be studied in this course. Topics will include groups, rings, fields, modules, vector spaces, and algebras.

REAL ANALYSIS

MATH 420

Credits: 3

Prerequisite(s): MATH 360

Description:

This course will include topics such as elementary set theory, real sequences and their limits, series, functions of real variables, continuity, differentiability, integrability, topology, and power series.

HISTORY OF MATHEMATICS

MATH 430

Credits: 3

Prerequisite(s): MATH 320

Description:

This course is designed to provide an overview of the history of mathematics. The evolution of some fundamental mathematical concepts will also be discussed.

Modern Languages

SPANISH IA

MLAN 141

Credits: 4

Description:

This course will cover beginning speaking, listening, reading and writing to develop elementary communication skills in the Spanish language. The focus will be on using Spanish for communication in real,

meaningful situations, while at the same time developing an understanding of basic grammatical concepts along with an appreciation to the variety of cultures and the basic geography of the Spanish-speaking world.

SPANISH IB

MLAN 142

Credits: 4

Prerequisite(s): MLAN 141

Prerequisite Note(s): Instructor's permission or Spanish CLEP Exam result

Description:

This course will cover beginning speaking, listening, reading and writing to develop communication skills in elementary Spanish language. The focus will be on using Spanish for communication in real, meaningful situations, while at the same time developing an understanding of basic grammatical concepts along with an appreciation to the variety of cultures and the basic geography of the Spanish-speaking world. It is a continuation of Spanish 1A.

AMERICAN SIGN LANGUAGE I

MLAN 150

Credits: 4 (Fee Required)

Description:

This course is an introduction to American Sign Language. Students will be introduced to the American Deaf community through various interactions and events with the Deaf community are to aid in the acquisition of conversational skills. Topics addressed include basic sign vocabulary, structure, and grammar, Deaf culture. [Each class has a lab and community based component]

AMERICAN SIGN LANGUAGE II

MLAN 151

Credits: 4 (Fee Required)

Prerequisite(s): MLAN 150

Description:

This course is a continuation of American Sign Language I. Students will learn the conversational and cultural behaviors necessary to carry on a natural entry-level conversation. Deaf culture will also be presented to provide students with a broad picture of language and culture. Additional topics addressed are: Behavioral rules of Deaf community, receptive/expressive skills, sign vocabulary, and grammar/structure. [Each class has a lab and community based component].

MANDARIN IA

MLAN 161

Credits: 4

Description:

This course is an introductory course for Mandarin (Chinese). It intends to teach students the basic skills for communicating in Chinese. It also covers how to read simple Chinese stories using pinyin.

MANDARIN IB

MLAN 162

Credits: 4

Prerequisite(s): MLAN 161

Description:

This course is designed to prepare students with skills to carry daily conversation in China. Students will have lots of opportunities to practice speaking Chinese. In addition, Chinese cultures and customs will also be introduced.

ARABIC IA

MLAN 171

Credits: 4

Description:

This course will introduce the students to the basics of the Arabic language. The focus will be on learning the fundamentals of classical Arabic and on practicing conversational Arabic.

ARABIC IB

MLAN 172

Credits: 4

Prerequisite(s): MLAN 171

Description:

Arabic I B is a continuation of Arabic I A. It is designed to further develop language proficiency in modern standard Arabic in the four language skills. In speaking, the focus is on the use of everyday expressions through discussion and presentations. In reading, the focus is on reading authentic text material. Writing is emphasized especially through writing homework assignments. Listening exercises and drills are utilized in

class and at home to practice the interactive Arabic drills. In addition, students will further develop and enhance their knowledge of the culture of the Arab world.

THAI IA

MLAN 183

Credits: 4

Description:

This course introduces the student to spoken Thai, using the International Phonetic Code as an easy to understand written equivalent to Thai script. The course is modeled after a Module 1 component of a traditional six-module Thai-language instruction program. Instruction for this course takes place in two-hour increments, with two classes scheduled each week over a 13-week semester.

This course is taught at the Asia Pacific Student Abroad Initiative in Bangkok, Thailand, during the study abroad semester.

THAI IB

MLAN 184

Credits: 4

Prerequisite(s): MLAN 183

Description:

This course provides students with opportunities for practical application of Thai language learning that the students accomplish each week in their Thai language course, plus a five-part cultural and historic survey of Thailand. This course is taught at the Asia Pacific Student Abroad Initiative in Bangkok, Thailand, during the study abroad semester.

SPANISH IIA

MLAN 241

Credits: 4

Prerequisite(s): MLAN 142

Prerequisite Note(s): Instructor's permission or Spanish CLEP Exam result

Description:

This course will cover intermediate speaking, listening, reading and writing to develop communication skills in advanced elementary Spanish language. Students will learn to use Spanish for communication in real, meaningful situations. It is also intended that students develop an understanding of basic grammatical concepts and an appreciation of the various cultures of the Spanish-speaking world.

SPANISH IIB

MLAN 242

Credits: 4

Prerequisite(s): MLAN 241

Prerequisite Note(s): Instructor's permission or Spanish CLEP Exam result

Description:

This course will cover intermediate speaking, listening, reading and writing to develop communication skills in advanced elementary Spanish language. Students will learn to use Spanish for communication in real, meaningful situations. It is also intended that students develop an understanding of basic grammatical concepts and an appreciation of the various cultures of the Spanish-speaking world.

AMERICAN SIGN LANGUAGE III

MLAN 250

Credits: 4 (Fee Required)

Prerequisite(s): MLAN 151

Description:

The focus of ASL III is the continued development of interactive conversational skills and cultural awareness. This class will encourage the acquisition of language structures and functions and the vocabulary necessary for efficient communication in ASL. Skills taught include: ASL classifiers, non-manual signals, role shifting, ASL sentence types and use of space. [Each class has a lab and community based component]

AMERICAN SIGN LANGUAGE IV

MLAN 251

Credits: 4 (Fee Required)

Prerequisite(s): MLAN 152

Description:

The focus of ASL IV is the development of the visual and spatial skills necessary to effectively communicate: giving and receiving directions, describing physical space, and using classifiers. The course also aims to expand students' range of cultural and personal knowledge and encourages students to use ASL in meaningful and creative ways. [Each class has a lab and community based component]

AMERICAN SIGN LANGUAGE V

MLAN 350

Credits: 4 (Fee Required)

Prerequisite(s): MLAN 251

Description:

This course applies knowledge of American Sign Language (ASL) grammar and vocabulary and cultural competence and language skills to aid students in the description of increasingly complex constructs, processes and situations. Students will incorporate multiple character roles shifting into medium-length narratives, debates and the discussion of hypothetical abstract issues. Information on cultural values and attitudes as they relate to the Deaf Community is also examined. [Each class has a lab and community based component]

Music

CONDUCTING LAB

MUS 0

Credit: 0

Prerequisite Note(s): *This class is for Music/Worship Arts majors only.*

Description:

This lab meets once a week to provide a performance choir for senior recitals and for each member of the lab to work on their sight singing and musicianship skills. The lab may be broken up into 2 or more sections. This course is required each semester for all Music Pastor and Music Education majors. This course will be taken in conjunction with Conducting I or Conducting II.

FUNDAMENTALS OF MUSIC

MUS 111

Credits: 2

Prerequisite Note(s): *This class is for Music majors and minors only.*

Prerequisite(s): MUS 163 and MUS 382

Prerequisite Note(s): Listening lab is also required.

Description:

This course will provide the student with a detailed overview of studio equipment function and characteristics as well as hands on experience. Class time will include text discussion and studio lab implementation.

PRO TOOLS I

MUS 381

Credits: 3 (Fee Required)

Description:

Pro Tools 1 is a class designed to familiarize students with the information and processes needed to complete a recording project using Pro Tools.

[Cross-listed as COMM 464]

PRO TOOLS II

MUS 382

Credits: 3 (Fee Required)

Prerequisite(s): MUS 381

Description:

This course deals with the advanced features of Pro Tools LE and TDM systems and deals with pre- and post-production techniques for musicians, producers and artists. It is designed to effectively equip a person to make the recording process more positive and productive. Students will develop engineering techniques, a broader knowledge of systems and functions, increased awareness of elements needed for a successful recording session, and will learn basic Final Mix and Mastering Techniques.

LIVE AUDIO PRODUCTION I

MUS 394

Credits: 3

Prerequisite(s):

Description:

Students will understand signal flow of audio through various reinforcement system configurations. Basics of acoustics and room design will be investigated. Use of real-time audio analyzing software and basic equipment repair/diagnosis will be demonstrated. Hands on mixing opportunities will be given on industry standard equipment. By course end, students will be able to confidently run audio for many settings and have problem-solving skills to resolve audio-related issues.

Description:

This class will focus upon the practice of teaching English as a foreign language. Students will teach non-native speakers from the community as they put into practice the methodological aspects of TEFL learned during the previous semester. Components of this course will include: lesson planning, teaching, peer observation and reflective exercises on teaching performance.

Theology

GOD & THE GOSPEL

THEO 210

Credits: 3

Prerequisite(s): BIBL 126 or BIBL 127

Description:

This course will explore the gospel as the foundation and primary concern of Christian theology. The central themes of this course are the nature of God, the person of Jesus, and the meaning of salvation. This course is designed to prepare students for the theological curriculum of North Central University.

RELIGIONS WITHIN THE UNITED STATES

THEO 239

Credits: 3

Prerequisite(s): THEO 210

Description:

This course is designed to cover the history, beliefs and practices of the religions of the United States, including Christian denominations, and sects. Non-Christian religions and offshoots from traditional Christianity will also be studied.

PENTECOSTAL DISTINCTIVES

THEO 240

Credits: 3

Prerequisite(s): THEO 210

Description:

This course explores what it means to be Pentecostal. This is explored historically through an examination of the Azusa Street Revival, its antecedents, and the subsequent development of fellowships such as the Assemblies of God. It is explored biblically through an examination of key pneumatological texts in Acts and 1 Corinthians and the hermeneutical debate they have provoked. It is explored morally and sympathetically through an examination of the values, goals, and spirituality of Pentecostals past and present.

CHRISTIAN APOLOGETICS

THEO 246

Credits: 3

Prerequisite(s): THEO 210

Description:

Christian Apologetics resembles the philosophy of religion, except that it is always conducted from a stance of faith. While traditionally the term apologetics signifies "a defense of the faith," it has a positive as well as a defensive side. Proofs for the existence of God, explanations of the human condition, and the problem(s) of evil fall under the purview of apologetics, as do the defense of miracles and belief in an afterlife.

[Cross-listed as CT 246]

THEOLOGY OF CHRISTIAN WORSHIP

THEO 339

Credits: 3

Prerequisite(s): THEO 210

Description:

Beginning with a biblical and historical examination of Christian worship, this course helps students formulate a solid Pentecostal theology of worship.

NEW TESTAMENT THEOLOGY

THEO 344

Credits: 3

Prerequisite(s): THEO 210 and BIBL 127

Description:

This course considers the great themes of the New Testament and the distinctive theological contributions of its various authors. Key biblical terms (e.g., the kingdom of God, the son of man, regeneration) will be

examined, and special attention will be paid to identifying which issues and concepts animated the thinking of the New Testament authors.

REVIVALS

THEO 345

Credits: 3

Prerequisite(s): THEO 210

Description:

Evangelical revivals and spiritual awakenings within Christianity from the first century to the present are surveyed, especially noting their distinctive character, causes and effects, theological concepts and the unique role of the Holy Spirit in promoting revival.

THE SPIRIT & THE CHURCH

THEO 360

Credits: 3

Prerequisite(s): THEO 210

Description:

Theologians have often noted that the doctrine of the Spirit is closely linked to the doctrine of the church. Consequently, this course will examine church structure and practice along with theological reflection on the work of the Holy Spirit. The distinctive theology and practices of Pentecostalism will be explored, compared and contrasted with the theologies and practices of other branches of Christianity.

TOPICS IN BIBLICAL JUSTICE

THEO 370

Credits: 3

Description:

The notion of biblical justice is examined through a series of readings from Scripture and secondary sources. Specific topics are investigated by the student, who will engage in a participant/observer model of research and learning experience germane to justice issues. This course emphasizes the importance of application, not just understanding, biblical principles. Students explore biblical teaching on evil, sin and injustice. Topics vary from year to year with attention given to such justice issues as poverty, human trafficking, homelessness, HIV/ AIDS, and child labor.

OLD TESTAMENT THEOLOGY

THEO 447

Credits: 3

Prerequisite(s): THEO 210 and BIBL 126

Description:

This course considers the great themes of the Old Testament and the distinctive theological contributions of its various authors. Key biblical terms (e.g., covenants, law, election, holiness, exile and return) will be examined, and special attention will be paid to identifying which issues and concepts animate differing types of Old Testament literature.

TOPICS IN THEOLOGY

THEO 466

Credits: 3

Prerequisite: BIBL 126 or BIBL 127 and BIBL 220

Description:

Through examination of focused topics, this course will expose students to major issues and methods of study used in theological studies. Intended for advanced students, the specific topic examined in this course will vary from semester to semester.

SENIOR PROJECT - THEATRE

THTR 495

Credits: 3

Description:

The senior project is an apex endeavor, reflecting four years of academic and practical training. At the discretion of the professor, students prepare a final paper and/or project such as writing a play or producing a one-act play. Student consultation with the NCU advisor is essential during the project's formative and developmental stages. All course work must be completed for departmental assessment one month prior to graduation.

INTERNSHIP - THEATRE

THTR 496

Credits: 3

Description:

Students are assigned to a professional and/or church setting where they are exposed to real-world applications of drama ministry or theatre production. Students are expected to spend a minimum of 20 hours per week on-the-job. Course descriptions are tailored to the students' interests and the institution's specifications. Students generally should plan on completing the internship during the summer before their senior year.

Urban Studies

INTRODUCTION TO URBAN STUDIES

URBN 233

Credits: 3

Description:

This course will provide an overview and orientation to the elements that form the complex background of the urban context: people and their relationships, city systems, unique challenges for life, and some successful solutions that have been implemented locally. The course will take an 'on the ground' approach, touring diverse areas of the city in order to develop understanding of the unique development and challenges of that area while appreciating that area's connection to the city system as a whole.

URBAN STUDIES SEMINAR

URBN 275

Credit: 1 (Fee Required)

Prerequisite(s): URBN 233

Description:

This course is conducted at the Christian Community Development Association (CCDA) Conference. During the five-day experience students will meet urban practitioners from various disciplines who are impacting the city both nationally and internationally. The students will attend Bible studies, seminars, and ministry tours conducted by urban leaders. The focus of this experience is to broaden perspective, deepen passion, and develop ministry networks of like-minded individuals.

CRITICAL ISSUES IN URBAN STUDIES

URBN 380

Credits: 3

Prerequisite(s): URBN 233 and URBN 386

Description:

This course will provide an orientation to the critical issues that confront those who work or live in an urban context. Many of these issues arise from “sick systems,” that is, improperly operating human interactive networks through which the life of the city is carried out: political, justice (including crime and judicial reform), housing, education, health care (including topics in mental illness and chemical dependency), economic, and immigration. Specific challenges such as individual and corporate racism, family fragmentation, gangs, HIV/AIDS and others will be addressed as they relate to each of these systems. Particular attention will be paid to research methodology, global trends, and the application of holistic theology.

[Cross-listed with SWK 380]

URBAN SOCIOLOGY

URBN 386

Credits: 3

Prerequisite(s): URBN 233

Description:

Students will study the sociological dimensions of the urban setting including problems in family structure, neighborhood and community, gangs, political and economic structures, racial and cultural inter-relationships and the impact of the church and community services within this multidimensional and complex need.

TRANSFORMING URBAN SYSTEMS

URBN 405

Credits: 3

Prerequisite(s): URBN 233

Description:

To build effective ministry organizations, urban practitioners need to develop skill in negotiating urban systems as well as a range of practical, professional, leadership, and managerial skills. The foundation of any successful work in the city is the ability to build and maintain relationships and partnerships. This course will explore how to correctly interpret the life of contemporary world class cities in order to make your service more effective. It will also identify some of the most important skills in three professional areas: Organizational Development, Organizational Leadership, and Relational Development.

URBAN STUDIES PRACTICUM

URBN 475

Credits: 3 (Fee Required)

Description:

Students will be involved on-site in a local, regional, or national urban community organization, parachurch ministry, or church. Experienced practitioners in the urban context will model, train, and supervise ministry experience over the course of several days. Student will meet with urban leaders and hear their personal philosophy of ministry, their leadership styles, and insights into the urban landscape. Classroom lectures will be enhanced by practical application in these urban contexts. The Urban Studies Practicum will take advantage of an extended immersion into an urban area.

Worldview Theology

GOD & RELIGION

WTHE 220

Credits: 3

Prerequisite(s): THEO 210

Description:

This course is designed to help students faithfully represent Christian beliefs and values in a religiously diverse world. Varying belief systems, including major world religions as well as secular and scientific worldviews will be respectfully explored in dialogue with Christianity. A discussion of the Christian's role and responsibility in a democratic society will conclude the course.

GOD & HUMANITY

WTHE 230

Credits: 3

Prerequisite(s): THEO 210

Description:

This course explores what it means to be human from a theological perspective. Topics shaping the course will include the debate over human origins, the nature of the soul, human sexuality, physical disability, human rights, free will and sinfulness.

GOD & CULTURE

WTHE 240

Credits: 3

Prerequisite(s): THEO 210

Description:

This course considers the Christian's role and responsibility as both a contributor and a consumer within culture. A theology of creation and sanctification will guide this consideration as we explore the nature of human community, the role of the church, and the power of the arts and entertainment within culture.

GOD & VOCATION

WTHE 250

Credits: 3

Prerequisite(s): THEO 210

Description:

This course explores the meaning of a theology of vocation. It will give students an appreciation of their Christian calling in light of the common good and the kingdom of God, with a special emphasis on the workplace extending beyond ministry in the church, and how the plan of God shapes the end to which all Christians work within and beyond their chosen profession.

Youth Development

SOCIOLOGY OF AMERICAN YOUTH

YDEV 337

Credits: 3

Description:

This class focuses on the present state of youth in America and on the numerous sociological subcultures resident on American middle school, secondary, and post-secondary school campuses. Students will develop their own surveys to sample the various sociological groups represented in local youth settings, identifying needs and devising approaches to reach and development the constituents of these subcultures. Emphasis will also be placed on developing the student's personal approach to reaching teenagers.

EDUCATION AND DISCIPLESHIP OF YOUTH

YDEV 362

Credits: 3

Prerequisite Note(s): Sophomore status (Minimum of 30 credits)

Field experience is required.

Description:

This course presents education and discipleship principles, methods, and resources which have been designed specifically for the various characteristics, needs, and developmental stages of adolescents. The focus of the course will be to help the student develop a praxis for measuring the fruit of spiritual growth that can be transplanted into local ministry settings.

COMMUNITY DEVELOPMENT LEADERSHIP & ADMINISTRATION

YDEV 410

Credits: 3

Prerequisite(s):

Description:

This course focuses upon leadership development and organizational leadership of non-profit based youth focused organizations. It considers such items as the following: the executive director as manager; working with a policy board; volunteer/staff relations; personnel administration; budgeting and financial management; fund raising and sources of revenue; long-range planning; and community organization.

YOUTH PROGRAMMING

YDEV 416

Credits: 3

Prerequisite(s): YDEV 362 and PMIN 373

Description:

This course is designed to help the prospective youth pastor properly design a comprehensive youth ministry program. The fundamentals of preparing a mission statement, instructional objectives, goal setting, troubleshooting instructional problems, and measuring instructional intent will be taught side-by-side with the practical aspects of church calendar and planning logistics.

YOUTH STUDIES SENIOR SEMINAR: RESEARCH METHODS

YDEV 470

Credits: 3 (Fee Required)

Prerequisite(s): URBN 233 and PMIN 250

Description:

This course is designed to give the Youth Development student career and or graduate study orientation, preparation, and evaluation in their area of specialization. A major component of the class includes research methodology in the area of youth development.

ACADEMIC POLICIES

Academic Calendar

CALENDAR

The standard academic year consists of two semesters; a fall semester of approximately 15 weeks and a spring semester of about the same length ending in early May. All credits are computed on a semester basis, including the summer session courses.

SUMMER SESSIONS

The dates for summer sessions are indicated on the university calendar with courses typically starting the Monday following spring commencement. The summer online classes will be eight weeks in length. Other courses such as internships and senior projects extend the full 15 week summer semester. A maximum of 15 credits may be taken during the summer sessions. Classes with fewer than six students in summer sessions may be cancelled at the discretion of the professor. North Central University reserves the right to cancel any course for which enrollment is considered insufficient.

FINAL EXAMINATIONS

Final examinations must be taken at the designated times, except in the case of a life-threatening family emergency with documentation or a personal medical problem documented by a physician or health care professional. One week is provided for final examinations at the close of each semester. Two hours are allotted for each course exam.

Academic Advising

ADVISORS

Each student will be assigned an academic advisor who is a faculty member within the appropriate major. The advisor will assist in orientation to campus life, establishing educational goals and scheduling classes during registration. In addition, all faculty members hold regular office hours at which time students are encouraged to seek counsel.

While North Central University will provide as much help as possible in planning academic programs, each student is responsible for the proper completion of a program and, therefore, should be familiar with the requirements listed in this catalog.

EXPLORATORY STUDIES

Students have the option to spend their first two semesters exploring the different majors at North Central. Students who select the Exploratory Studies Major will be assigned an advisor

who specializes in career guidance to help them stay on track for graduation while they discover their strengths and explore their interests.

DEGREE AUDIT SHEETS

The Registrar's Office provides each student with a Degree Audit sheet via UNET, indicating courses required and completed. The official copy is kept in the Registrar's Office. Student and advisor copies can be obtained at any time through the UNET registration system. It is the responsibility of the student, with the assistance of the advisor, to see that all program requirements are accounted for before applying for graduation.

CLASS STANDING

A student's class status is based on the number of credit hours successfully completed toward graduation (HG):

Freshman	0–29 Credits
Sophomore	30–59 Credits
Junior	60–89 Credits
Senior	90 or more Credits

Students enrolled in the third year of a three-year diploma course are classified as seniors and are eligible to participate in senior class activities, have voting privileges and hold office in the senior class and may participate in senior registration.

REGISTRATION

Students are expected to register during the scheduled registration periods designated on the school calendar. The registration process is complete only after all classes have been scheduled, tuition and fees have been paid and registration forms have been submitted to the appropriate offices.

All freshmen, transfer students and returning students who have not been enrolled at North Central University for more than one semester are required to participate in the new student orientation for the semester in which they wish to re-enroll. Students failing to begin course registration during the scheduled registration periods will be assessed a late registration fee of \$25. Courses may be added and dropped without penalty up until the Late Registration Period begins 5 weeks prior to the start of classes. Once the Late Registration Period begins, a \$10 fee will be charged for all course changes made within a 24 hour period.

Program Length, Load, & Hours

PROGRAM LENGTH

The university requires a minimum of 60 undergraduate credits for the associate degree, 124 undergraduate credits for the bachelor's degree, and a minimum of 30 graduate credits for the master's degree. However, the degree requirements of some individual programs may demand more than the minimum number of credits. The curriculum is built around an expected program length of 4 years for a bachelor's degree, 2 years for an associate's degree, and 1 year for a certification offered at NCU.

CREDIT HOURS

North Central University (NCU) operates on a traditional semester system and offers academic credit in terms of the semester credit hour.

The standard for 3-credit courses is as follows:

- Monday – Wednesday – Friday or “Hour” courses (50 minutes per day) will meet a minimum of 40 times per semester, not including final exam week.
- Tuesday – Thursday or “Block” courses (75 minutes per day) will meet a minimum of 27 times per semester, not including final exam week.
- Slot and Evening classes (160 minutes per week, with a break) will meet a minimum of 14 times per semester, including a final exam during the final meeting.
- Weekend classes (Friday: 6:30 pm – 9:10 pm and Saturday: 8 am – 4 pm, with breaks, or 580 minutes per weekend) will meet a minimum of 4 weekends per semester, including a final exam during the final weekend of classes.

Each semester hour of one distance learning or hybrid course credit is defined as: an equivalent amount of instruction and student work leading to equivalent learning outcomes, as required for an on-campus class as defined above.

Departments, Schools, and Colleges follow this rule in establishing the number of credit hours awarded in nontraditional settings including Directed Research, Internships, Senior Projects, and accelerated courses. This standard is consistent with the credit hour definition found in Department of Education regulation 34 CFR §600.2.

NCU Credit Hour Policy states that for every course credit hour, the typical student should expect to spend at least three clock hours per week of concentrated attention on course-related work, including but not limited to time in class, as well as out-of-class time spent reading, reviewing, organizing notes, preparing for upcoming quizzes/exams, problem solving, developing and completing projects, and other activities that enhance learning. Thus, for a three credit course, a typical student should expect to spend at least nine hours per week dedicated to the one course.

Over the 15 week term, a student should expect to complete at least 45 hours of concentrated attention on course-related work for each credit enrolled. This includes, but is not limited to, in-class time (class attendance with associated learning activities) and out-of-class time (reading,

reviewing/organizing notes, preparing for upcoming quizzes/exams, problem solving, developing and completing projects, etc.). Common examples of course types and related approximate workload structure include:

Course Type	"In-class" hours per course per week	"Out-of-class" hours per course per week	Total hours per week
Face-to-face, 3 credits, 15 weeks	3	6	9
Face-to-face, 2 credits, 15 weeks	2	4	6
Online, 3 credits, 8 weeks*	0	17	17
Online, 2 credits, 8 weeks*	0	11.25	11.25

The above examples are only representative, and the in-class/out-of-class ratio might differ depending on the nature of the specific course, as allowed under federal guidelines. Each course syllabus will outline specific expectations.

*It is important to note that while online students may not necessarily meet at a specific time or geographical location, they will be expected to academically attend their courses on a weekly basis. Please see the Online Course Attendance section of this document for further details.

SEMESTER COURSE LOAD

A student must be enrolled for a minimum of 12 credit hours per regular semester to be considered full-time. A minimum class load of 15 hours per semester is necessary to complete most bachelor's degrees in a four-year period.

A student may not enroll for more than 18 credit hours during enrollment at NCU in a semester unless he or she has maintained a cumulative GPA of 3.0 GPA or higher and has permission from the Registrar by submitting an Academic Petition for approval.

The maximum academic load possible to register for during a summer session is 15 credit hours for the undergraduate program.

Students who receive veteran's benefits or Pell Grants must take a minimum of 12 credits each semester to receive their maximum award. Full-time status for Minnesota State Grant eligibility is 15 credits.

Students are encouraged to work in order to meet their financial needs and commitments. North Central also desires to assist students in anticipating the demands that they will be experiencing in college life. Therefore, to maximize the probability that all students will succeed in their college courses, the following employment workloads have been suggested based upon the number of credits taken:

Number of Credits Per Semester	Maximum Number of Hours Per Week
9-12	20-29
13-16	15-24

INTERNSHIPS

An internship is a requirement for graduation for most majors and may be involved in the curriculum of all majors. The internship is usually done on a full-time basis during the student's junior or senior years. Many students are able to take their internship during the summer before their senior year.

Students pursuing a double major must fulfill the internship requirements for each major. While this may be accomplished through one internship experience, this is only possible with the permission of the Department Chair of both majors. If permission is granted, a Course Requirement Variance Petition must be submitted to the Registrar's Office for final approval and, if granted, recorded on the Degree Audit Sheet. If either Department Chair is not in agreement that one internship experience will fulfill the educational objectives of each of the majors, then the student will need to register for and complete one internship per major.

FACULTY ASSISTANTS

To promote interest in post-secondary academic teaching ministry, select students who demonstrate excellence within the college academic environment are provided the opportunity for involvement as a faculty assistant under the following guidelines:

1. With the approval of the department chair, students with at least 60 credits (HG) toward graduation may have the option of registering for a course as a Faculty Assistant.
2. Students have the option to register as a Faculty Assistant for 0 credit, pay no tuition and receive a final grade of Pass/Fail. Alternatively, students may register as a Faculty Assistant for 1 to 3 credits per section, pay tuition for those credits, and earn a letter grade.
3. All credits will be applied toward General Electives. These credits may not be used to meet a degree requirement in either the General Education or the Major Core.
4. Students registering as a Faculty Assistant must complete FERPA training. If a student should fail to complete FERPA training by the deadline to add classes for the semester, they will be administratively dropped from the course.

SENIOR PROJECTS

A Senior Project is a requirement for most majors, but the type of project differs. For example, for music majors, it is a recital, education students complete their student teaching, and psychology students do a research paper which has an oral defense. Many majors require synthesizing papers, and those majors with a global focus emphasize particular countries.

This challenging capstone course is a wonderful opportunity to utilize the many skills students have gained during their college career to produce a culminating project.

DIRECTED RESEARCH

This independent study program is designed to enable seniors (more than 90 credits) in residency to complete degree requirements when suitable alternatives cannot be found. Students must be in excellent Academic Standing with a minimum cumulative GPA of 3.0 in order to be eligible for this independent study option. Students should work with their advisor and the Registrar's Office to find an alternate course substitution if the required course will not be offered again prior to graduation. Directed Research is intended only for circumstances when a course variance is not a viable option. For all directed research requests, the Department chairperson's signature and the signature of the faculty member overseeing the course are required.

Students are limited to a maximum of 12 credit hours in their total program, and 6 credits in any single term. Juniors participating in NCU-sponsored Study Abroad programs may be permitted to complete courses via Directed Research while overseas, provided that on-site or online alternatives are not available to them.

Registration becomes official once the Directed Research application form, with all necessary signatures, is submitted to the Registrar's Office. Payment of the entire amount of tuition plus

Directed Research fees of \$100 per credit is required before beginning course work. All course work must be completed within the time frame of the semester in which it is initiated. Directed Research fees are non-refundable.

Course Policies

PREREQUISITE COURSES

Course prerequisites must be completed. Prerequisites are listed with each course description in the catalog. See course descriptions for additional details.

COURSE VARIANCES

Variance implies "a substitution of coursework taken at North Central University" whereby permission is granted jointly by the Department Chair(s) and the Registrar for one course to equivocally take the place of another in one's prescribed program. To be eligible, the course taken must meet the following requirements:

- The course taken must meet the minimum course level of the required courses. Only upper level courses (300-400) can be variances for upper level degree requirements, such as BIBL 335 for BIBL 472. Lower level courses (100-200) can be variances by any level course (100-400).
- Course variances within the General Education Core or Christian Studies Core require approval from both the Advisor and the Department Chair of the required course. This is to ensure that North Central complies with all accreditation and Department of Education regulations.
- Course variances within the major core only need approval by the Advisor.

"Course Variance Forms" are available in the Registrar's Office. Verbal agreements or promises to individuals are NOT sufficient to constitute a *Variance*. An approved Course Variance Form must be on file in the student's record in order for it to be considered valid.

Approved Variance Forms will be held on file in the Registrar's Office until final grades have been entered into the student's record. Only courses with passing grades will be processed as variances. They will be indicated as such on the student's Degree Audit sheet by the Registrar's Office.

A Course Variance Form is valid for no more than one term past the approval date. If for any reason, a student is unable to register for the approved class within one term, the form will be shredded and a new form will have to be submitted to the Registrar's Office.

REPEATED COURSES AND REPLACEMENT CREDITS

Students who wish to retake any NCU course may do so under the following provisions:

1. Courses that were previously failed—or for which an acceptable passing grade was not earned—may be repeated and will count toward the determination of the student’s financial aid enrollment status and will be eligible for financial aid;
2. Any other course that is voluntarily repeated will not be eligible for financial aid;
3. Refunds for previously attempted courses will not be awarded or credited on retake attempts;
4. In the case where a course has been repeatedly failed, only one failed grade for a course can be replaced in the cumulative GPA;
5. The most recent grade for a course voluntarily retaken will be the transcript grade used to factor the GPA; the earlier attempt will “show” but will not “count” toward factoring the GPA. This will be an automated process. Once a course is voluntarily retaken, the credits for one earlier attempt of the same course (regardless of the grade earned previously) will be adjusted on the transcript as follows:
 - Hours Registered (HR) (same as HA)...will “accumulate”
 - Hours Earned (HE)...credits will “zero out”
 - Hours Toward Graduation (HG)...credits will “zero out”.
 - Students may request in writing to have a previously failed class replaced with an “X” on their transcript.
6. Graduation credits (HG) for any course will count only once toward the required 124 credits.
7. This provision does not apply to those courses which are designed to be repeated; for example, Music Lessons. Such coursework is designated as being “repeatable.”

ONLINE COURSES

In compliance with the governing federal definitions ([34 CFR §600.2](#)) and the policy of the Higher Learning Commission (HLC) (<https://www.hlcommission.org/Monitoring/distance-delivery.html>), North Central University defines an online course as one in which 75% or more of course instruction and interaction occurs via some form of electronic communication, most typically via the university’s internet-based learning management system, where the students and faculty are physically separated from each other. No course with this designation will require attendance in a traditional classroom.

HYBRID COURSES

A course is designated “hybrid” when it is intentionally designed in such a way that a portion of the face-to-face, instructional time and interaction is replaced by online activities facilitated through an internet-based learning management system (LMS) or other designated distance education method. To fit this definition, the course must also require attendance in a traditional classroom, where more than 25% of the instructional time and interaction occurs. The university’s approved course workload calculator metrics will help in making this determination.

ONLINE PROGRAM

Pursuant to the above federal and HLC guidelines, North Central University defines an online program as one in which 50% or more of the courses required are taken as online courses.

ONLINE COURSE POLICIES

A residential NCU student may register for a maximum of 6 credits of online courses in any one semester and no more than 18 credits of online courses in any one academic year; i.e. fall, spring, and summer. A residential NCU student may not exceed 48 credits of online coursework taken through NCU in a typical baccalaureate program.

Students accepted to take the majority of her/his coursework through NCU's distance education platform will follow the policies set forth in the "Policies and Guidelines for Online Learning" approved by Academic Affairs and published separately.

After demonstrating success in one online course at NCU, a PSEO student can then take up to nine (9) credits in online courses per semester in subsequent semesters, with no more than 18 credits of online courses in any one academic year; i.e. Fall and Spring. PSEO students are not allowed to take courses during the summer session.

All online courses offered during the fall and spring semesters will be in a 15 week format. All online undergraduate courses offered during the summer semester will be 8 weeks in length.

An NCU student must be in good academic standing in order to enroll in online courses. Students who are currently on a Provisional Admit, Probation or Provisional Continuance academic standing are ineligible to enroll in online courses. Once a student has raised their cumulative GPA to the level required for good academic standing, they may take online courses once again.

Normal tuition rates (Block pricing) apply for "Online" online courses as described above.

A course designated as "online" will be assessed a fee of \$80 for technical & program enhancement as part of the registration process. A course designated as "hybrid" (as described above) will be assessed a fee of \$40 for technical & program enhancement as part of the registration process. Normal technology fees and all other course fees apply to registering students as is the current practice.

Attendance for an online course is recorded by student interaction with the course utilizing the designated online platform. In most cases, this will be the current learning management system (LMS) hosted by NCU. Each student enrolled in an online course *must log in and interact* with the LMS by the second Friday after the semester start date. Each student login is

evidence of attendance and thus can be used for financial aid regulations and federal/state required reporting. The last date of attendance will be the student's last log in for the course.

SCHEDULE CHANGES

Course registration can be adjusted online through Unet for all currently enrolled students without penalty until the commencement of the Late Registration Period which begins 5 weeks prior to the start of class. During the Late Registration Period, there will be a \$10 fee for each calendar day on which changes are made.

All schedule changes must be made in the Registrar's Office once classes begin.

Only students who have properly dropped a class within the tuition refund period are entitled to a refund, if eligible. (See Tuition Refund Schedule in the Financial Registration section.) Proper withdrawal from a course also ensures the appropriate grade notation on the student's record. An individual course dropped during the four-week tuition refund period will not appear on the student's final transcript (See Withdrawal section for transcript policies if a student drops all courses, i.e. withdrawing completely from NCU for the semester). A grade of "W" will be assigned for a class dropped during the fifth through ninth weeks of the semester. Any course which is dropped after the 10th week of classes for any reason will receive a letter grade of 'WF'. Classes may not be changed from credit to audit or from audit to credit after the first full week of classes.

REINSTATEMENT POLICY

Late registration is not permitted after the first full week of classes during the fall and spring semesters or after the first full day of classes during the summer semester. However, if circumstances justify it, a student may file a petition with the Registrar to receive special permission to register after the enrollment period is closed. A reinstatement fee of \$100 per course will be charged to a student who contacts the Registrar's Office after the enrollment period to register and pay for a course he or she is currently attending, or has completed one semester prior to the current semester. This fee will be charged in addition to the current tuition and any other applicable fees in effect at the time of registration, and is due at the time of reinstatement. All reinstated courses will be recorded on the transcript during the semester in which the student registers and pays.

AUDITING CLASSES

Courses not needed to complete degree requirements may be taken on an audit or self-enrichment basis. Attendance is not kept, work is not graded, examinations or grades are not given and credit is not recorded. All students attending or participating in any course must officially register with the University. One-third of the regular tuition rate will be charged for audit courses, and will not be included in Block pricing. Audit-only students may not utilize

campus services such as the Computer Lab, the Student Success Center, Student Development, etc. Students may not accumulate greater than 30 hours of audit credit. Enrollment status on any class (for example, from audit to regular credit) will not change after the last day to add a class for that semester. Music lessons, choirs and ensembles and language classes cannot be audited.

Transfer Credit Information

APPLICATION PROCESS FOR TRANSFER STUDENTS

In addition to the regular admissions requirements, transfer students applying to North Central must submit official college transcripts by completing their college's Transcript Request Form to have transcripts sent to the Registrar's Office at NCU.

TRANSFER CREDIT EVALUATION PROCESS

The Transfer Credit Specialist located in the Registrar's Office will evaluate transcripts and communicate the results to accepted students within 14 business days. Questions regarding transcript evaluation should be directed to the Registrar's Office at 612.343.4409. Upon completion of courses, official transcripts should be sent to:

North Central University
Attn: Registrar's Office
910 Elliot Avenue
Minneapolis, MN 55404

RESIDENCY REQUIREMENTS

In order to graduate from North Central University, 27 of a student's final 33 credits must be taken in residence at NCU. This allows flexibility for students to transfer six of their last 33 credits if necessary.

In addition, NCU requires that students in all degree programs complete a minimum of 50% of program-specific credits within that program through North Central University. The 50% program-specific residency requirement applies to credits within the major, minor, Interdisciplinary Field 1 and Field 2, as well as certificates.

Credits will be transferred to NCU in the order that the official transcripts are received in the Registrar's Office. Credits that do not meet Residency Requirements will not be transferred to NCU. Approval of transfer requests on the Transfer Credit Request Form does not guarantee acceptance of credits.

CLARIFICATION OF TERMINOLOGY

The purpose of this notification is to promote a more standardized approach to the usage of these terms within our Institution by publishing the meanings that the Registrar's Office is currently associating with this terminology. The terms under consideration are: "Exempt," "Transfer," and "Advanced Standing." The distinguishing features of each term are as follows:

"Exempt"

Exempt implies that one is "excused from the requirements of a given program". If a student passes a placement exam (music theory or ASL language proficiency), this does not mean that the credits for that degree requirement are automatically credited to the student's audit sheet or transcript. All credits must be accounted for in some way: by Course Grade, Variance, Transfer Credit or Advanced Standing.

"Transfer"

To *transfer* credit means "to accept the qualified academic semester credits (Carnegie units) from another educational entity;" it also implies academic compatibility and equivalency of academic quality standards and competencies that are synonymous with at least "C-" (70%) at NCU. On the transcript, transfer credits appear as "TR" and do not affect GPA.

Transfer credits come from accredited academic sources such as:

- Qualified Colleges or Universities
- CLEP (College Level Examination Proficiency) test*
- AP (Advanced Placement) exam*
- IBE (International Baccalaureate Exams)*
- DSST/DANTES Exams*

*Please note that a maximum of **30 credits** will be accepted for transfer from CLEP, AP, IB DANTES and Advanced Standing combined.

"Advanced Standing"

Advanced Standing implies that one is eligible to receive college credit for life experiences and professional competencies that "translate" into similar competencies gained through specific coursework at NCU. Thus, *Advanced Standing* means that the student does not have to take the class.

Advanced Standing credits, along with transfer credits, together, may not exceed 6 such credits of the last 33 in one's program. Therefore, students interested in this sort of credit on their transcript are strongly advised to complete the petition process before their senior year, that is, prior to accumulating 90 credit hours towards graduation (HG).

On the transcript, Advanced Standing shows as an Institutional Grouping with "AS" for the grade. In essence, Advanced Standing recognizes life experience or professional competency that is being assessed and transliterated into academic credit.

- Credits earned under Advanced Standing do not impact GPA
- Advanced Standing fees do not qualify for Financial Aid

Degree Audit sheets, like transcripts, show Advanced Standing coursework as "AS" only after the course has been paid in full at the current pro-rated tuition rate, determined at the time of payment. *Advanced Standing* is awarded whenever the Advanced Standing Petition is approved and upon receipt of that completed (fully paid) Petition in the Registrar's Office.

If the student is currently enrolled in the same course for which he/she is seeking Advanced Standing, the student must submit a "Schedule Change Form" to drop the enrolled class. When dropping a course in conjunction with applying for Advanced Standing, any tuition refund for the enrolled course is subject to the normal timing of the pro-rated refund policy.

Advanced Standing eligibility allows for academic credit to be awarded through a (potentially) reduced tuition for the following: Demonstrated competency on an assessment by a Department Chair; (e.g., "in-house" competency exam or personal portfolio assessment).

TRANSFER CREDIT POLICY

- 1) Credit will be transferrable from institutions approved by one of the regional accrediting agencies recognized by the U.S. Department of Education and the Council on Higher Education Accreditation (CHEA). These are:
 - ❖ Higher Learning Commission (HLC);
 - ❖ Middle States Commission on Higher Education (MSCHE);
 - ❖ New England Association of Schools and Colleges, Commission on Institutions of Higher Education (NEASC-CIHE);
 - ❖ Northwest Commission on Colleges and Universities (NWCCU);
 - ❖ Southern Association of Colleges and Schools, Commission on Colleges (SACSCOC);
 - ❖ Accrediting Commission for Community and Junior Colleges (ACCJC) - Western Association of Schools and Colleges;
 - ❖ WASC Senior College and University Commission (WSCUC) - Western Association of Schools and Colleges.
- 2) CHEA (Council on Higher Education) recognized accrediting agencies will be accepted for transfer. All courses will be evaluated on a course-by-course basis.
- 3) Only courses with a grade of "C-" or better will be accepted for transfer. Transfer credit will not be awarded for courses graded on a pass/fail (P/F) or satisfactory (S) basis.
- 4) Transferable credits are accepted to North Central University to the extent that they apply to a student's declared program of study. Evaluation is done by the Registrar's Office- in collaboration with the Deans and School Directors, if necessary- and relevant credits are articulated upon payment of the enrollment deposit and declaration of a major. The relevancy of general education courses are determined by course content and

will be accepted for transfer corresponding to the equivalency requirements for the General Education Courses document.

- 5) Current students must complete a Transfer Request Petition and submit the form to the Registrar's Office for evaluation prior to registration for those classes at another institution. Registrar's approval is required for transfer requests to the major core.
- 6) Residency requirements for an Associate of Arts degree requires a minimum of 15 credits taken at North Central and 27 credits for a Bachelor's degree. Residency policy permits a limit of 6 credits that can be transferred within final 33 credits towards a Bachelor's degree, including both transfer and advanced standing credit.
- 7) Prior Learning credits will be accepted for transfer so long as official scores are submitted to the Registrar's Office *within the first two semesters of attendance* at North Central. A maximum of 30 combined credits will be accepted from the following sources:
 - a. CLEP (College Level Exam Proficiency) tests
 - b. AP (Advanced Placement) exams
 - c. IBE (International Baccalaureate Exams)
 - d. DSST/DANTES Exams
 - e. Advanced Standing Credit
- 8) Transfer credit accepted from another institution is reflected on the North Central transcript with a grade of "TR". Advanced Standing awarded for prior learning will be noted on the transcript with a grade of "AS". Neither TR or AS grades will be included in North Central GPA calculations.
- 9) Transfer implies the recognition of academic merit of a course or program of study. Advanced standing is not justified on the basis of the academic merit of a course or program, but rather the education achieved by the active, supervised participation of the individual in an applied or real-world setting. In some cases, advanced standing may be justified for education received in an unaccredited setting, where transfer credit would not be justified. Credits pre-approved for advanced standing from unaccredited discipleship programs will be awarded upon the successful completion of one semester at NCU where the student is in good academic standing (GPA 2.0 or higher).
- 10) All determinations regarding advanced standing will be made by North Central University. It should be understood that advanced standing credits from other institutions will not automatically be awarded or transferred to North Central University. Advanced standing credits will be awarded as noted above, as well as upon full payment of tuition which is 1/3 the current tuition rate. Federal regulations exclude these tuition charges from Financial Aid eligibility.

- 11) Continuing Education (CEU) Credits and StraighterLine exam scores are not accepted for transfer at NCU.
- 12) The Joint Services Transcript, which documents coursework taken in the military, is accepted as evidence equivalent to an academic transcript. The JST includes equivalent experience/ coursework from the Army, Navy, Coast Guard, and Marine Corps. Air Force veterans must submit an official transcript from the Community College of the Air Force (CCFA) or Air Force University (AU). Military service records will not be accepted as evidence equivalent to academic transcripts from a college or university. The JST can be requested by visiting: <https://jst.doded.mil/official.html>. Air Force Veterans can request a transcript by visiting: <http://www.au.af.mil/au/ccaf/transcripts.asp>
- 13) The Deans' Council will provide oversight for all transfer credit policies, and will review as needed to ensure compliance with all accreditation standards and requirements.

INTERNATIONAL TRANSFER CREDIT

Because of the great variety of types of educational institutions that exist around the world, as well as how difficult it is to assess foreign equivalencies to American terminology and standards, North Central University requires academic credit earned from institutions located outside of the United States not only to be documented with transcripts or similar official reports, but also to be evaluated using an agency approved by the American Association of Collegiate Registrars and Admissions Officers (AACRAO) or the National Association of Credit Evaluation Services (NACES). Transfer credit will be assessed based on equivalency to collegiate work completed at regionally accredited institutions in the United States.

In addition, North Central University reserves the right to determine how such transfer credits might apply, or might not apply, to the specific requirements of a particular course of study. In other words, although NCU might recognize foreign academic coursework as being of acceptable academic quality, the University might also determine that the subject matter of this coursework is such that it will not meet any of the specific requirements of a particular academic program. International students must have their transcripts evaluated by an AACRAO or NACES-endorsed evaluation service and submitted directly to the admissions office.

Just as it is the responsibility of a student seeking transfer credit to provide NCU with relevant transcripts, it is also the responsibility of the student seeking foreign transfer credit to bear the cost of this evaluation.

Academic Placement

ACT AND SAT PLACEMENT

Because the ACT and SAT examinations are used nationwide and have proved to be reliable and valid measures of ability, the University uses the results to determine placement in Math and English courses. (See Placement Charts below.)

MATH REQUIREMENT

To fulfill the math requirement, students are required to complete at least one of the following: MATH 115 Liberal Arts Math, MATH 125 College Algebra I, or MATH 250 College Algebra II & Trigonometry. Students also have the following options for meeting the math course requirements:

- Take the math CLEP exam and earn a qualifying score;
- Transfer an equivalent course from another college or university.

*Math Placement Chart**

ACT under 16 *or* SAT under 440 Must take MATH 115 – Liberal Arts Math
ACT 16-23 *or* SAT 440-580 May take MATH 125 – College Algebra I
ACT above 23 *or* SAT above 580 May take MATH 250 – College Algebra II and Trigonometry

*Students may enroll in Calculus I if their Math ACT is at least 20 and have successfully completed high school Precalculus with a grade of “B-” or better.

ENGLISH REQUIREMENT

All students are required to complete 6 credits of English in order to become eligible to receive a baccalaureate degree from NCU. ENG 124 Rhetoric and Research is considered the institution’s foundational level English course, the skills of which are necessary for success in most other NCU courses. Therefore, in an effort to ensure student success, baccalaureate degree-seeking students will be required to take ENG 124 or the transfer equivalent during their first or second semester of full-time enrollment. Before the start of each semester, the enrollment will be checked to see that all full time students have one of the following on their student records: a successfully completed ENG 124 course from NCU, current registration for ENG 124 in the upcoming semester, or acceptable transfer credit from another school, CLEP, or AP exam. Any student who does not meet one of the above criteria within one (1) week prior to the start of semester two of full-time enrollment may have his/her schedule rebuilt around this academic requirement. Continual enrollment of this class is required of all full time students until it is successfully completed.

Successful completion of ENG124 requires a grade of C or better. Students have the following options for meeting the English requirement:

- Take the appropriate English CLEP exam and earn a qualifying score;*
- Transfer an equivalent course from another college or university.

*To complete the CLEP College Composition Modular with Essay, please contact the testing center directly to request the essay portion of the exam.

CLEP EXAM POLICY

The College Level Examination Program (CLEP) offers an opportunity to earn college-level credit for knowledge already acquired. North Central University accepts CLEP credits as transfer credits to meet the equivalent course requirements. Only exams listed under the currently approved CLEP transfer guide will be accepted for transfer.

All official transcripts with CLEP exam scores must be received by North Central within the initial 65 credits of a student's program to be accepted toward degree requirements. Approval of a Transfer Credit Request does not guarantee acceptance of the CLEP exam score if the transcript is not received within this credit limit.

Any student may take a CLEP exam, but statistics indicate that chances of passing are lower if the student's ACT score is lower than 23. Double credit may not be received by taking the course in addition to passing the CLEP test. CLEP credit will only be granted in areas where coursework has not been taken.

*Please note that a maximum of **30 credits** will be accepted for transfer from CLEP, AP, IB DANTEs and Advanced Standing combined.*

CLEP Testing Dates, Fees and Deadlines

The CLEP test is administered at more than 1,300 locations throughout the United States. The institution administering the exam establishes the testing dates and fees. To find out when and where a CLEP test will be administered, please contact:

College Level Examination Program
PO Box 6600
Princeton, NJ 08541-6600
609.771.7865
E-mail: clep@ets.org

When taking the exam, use CLEP code 6505 to have all scores forwarded to North Central University. Additional information about CLEP can be found at www.collegeboard.org. Specific information regarding tests and course requirements can be found in the Registrar's Office.

Policies

CLASS ATTENDANCE

Class attendance is necessary for the ongoing process of education in the student's life. There are no excused absences for any purpose. Absences will not be questioned nor will they affect

the earned grade as long as they are not excessive. “Excessive absence” from a class means that a student has missed approximately 25 percent of the class period and, therefore, will be dropped from the class. Should this occur during the first 10 calendar weeks of the term, a grade of “W” will be placed on the student’s transcript, meaning that the student forfeits any grade or earned credit for the course. Should the excessive absence occur after the tenth calendar week of the semester, a grade of “WF” will be assigned, meaning that the earned credit will affect the student’s cumulative GPA. Being late for class on three occasions is equivalent to one absence.

For all 100 and 200 level courses, the following standards will apply:

<u>Class Meets</u>	<u>Credit Value</u>	<u>Absences Allowed</u>
M-F	4	15
M, W, F	3-4	9
M, W, F	2	6
M, W, F	1	2
T, Th	3-4	6
T, Th	2	4
Evening/Slot	3	3
Weekend	1	1

For 300, 400 and graduate-level courses, the instructors shall have the right to set any policy they choose, as long as it is not more stringent than allowing one classroom hour of absence for each credit.

In order to maintain an atmosphere that is conducive to education and learning for all students, proper classroom etiquette must be observed. For this reason, infants or young children will not be allowed in the classrooms, and other disruptions such as cellular phones are also considered inappropriate for the classroom.

Upon arrival to a class where the professor is initially absent, students should not vacate the classroom for at least 15 minutes. Professors shall notify the class if they anticipate being absent. No instructor shall use attendance in any way for bonus points, penalties or exemptions from exams.

Any appeals regarding class attendance must be made to the Registrar’s Office within one week of notification of withdrawal, and should include all required documentation at the time of submission. Appeal forms submitted on the last day of class will not be considered as this does not allow the Academic Progress Committee time to review the request prior to finals week. Students must continue to attend class and submit all required work until the committee has issued a determination of the case. A student cannot continue to attend class once their appeal has been denied.

ONLINE COURSE ATTENDANCE

In compliance with the definitions provided by 34 CFR §668 (I)(7), academic attendance and attendance at an academically-related activity in an online course at North Central University is assessed by student interaction utilizing the designated online platform. In most cases, this platform will be the university's current learning management system (LMS). Each student login and electronic activity is evidence of attendance and thus can be used for calculating student billing, financial aid, and for federal and state regulatory reporting. For these purposes, the last date of attendance will be the date of the student's academic attendance to the course.

Students meeting any one of these three criteria in a given calendar week (Monday through Sunday, including holidays) will be deemed as having academically attended class that week if the student:

1. submits an academic writing assignment due that week
2. completes a required quiz or exam scheduled to be taken that week
3. Makes a meaningful discussion post that meets all of the following conditions:
 - addresses the topic of the discussion for that week
 - adds an additional academic aspect to the discussion by responding to another student or makes an original post relevant to the topic, and
 - is submitted in the week for that week

Students whose absences extend for more than one calendar week may be subject to mandatory withdrawal from the course, in accordance with university policies governing excessive absences described above.

To assist with the execution of this policy and to ensure compliance with the relevant regulations, all courses will be required to include a significant academic assignment within the first three days of the course and all faculty will be required to monitor and report absenteeism to the Registrar's office on a weekly basis.

CLASS ATTENDANCE POLICY FOR ATHLETES

The NCAA requires each member institution to have a policy which insures a Student-Athlete will have the opportunity to compete at a high level athletically without sacrificing the opportunity to excel academically. The NCAA desires to protect the integrity and validate the lessons students receive in both arenas. The North Central University Athletic Attendance Policy will contain the following provisions:

1. The faculty member teaching the class will receive a schedule, including departure times, from each Student-Athlete at the earliest date possible. Student-Athletes must obtain the Professor's signature on a form or schedule copy. This signature will aid the Athletic Department in tracking the responsibilities of each athlete.
2. The faculty member teaching the class must substitute an equal opportunity for the Student-Athlete who must miss a class due to athletic competition and an assignment for a grade or credit occurred (test, quiz, project, etc.).

3. Student-Athletes who must miss a class to represent NCU in an athletic event will not be penalized nor be in jeopardy of failing a class due to the absence or absences if all absences have been used for athletic events; however, an athlete is NOT entitled to any extra absences for a class beyond the written policy contained in the class syllabus.
4. Faculty members who encounter any difficulty with a Student-Athlete or have questions are encouraged to contact either the coach or athletics department. It is our desire to facilitate the complete education of the Student-Athlete and not create a sense of entitlement for athletes.

CHAPEL ATTENDANCE

Chapel services are regarded as central in the spiritual life of the school, and attendance is required. The complete chapel attendance policy is spelled out in detail in the Student Guide and Calendar. A satisfactory chapel attendance record is required for readmission.

Grades

The grades utilized by North Central, along with their point values, are as follows:

Grade	Value
A	4
B	3
C	2
D	1
F	0

Grade Point Average (GPA) is calculated by multiplying the appropriate grade value for grades earned by the number of credits for that class, and then dividing that number by the total number of credits earned (HE). This calculation appears on each transcript - both for the "term" and the "cumulative" enrollment periods. North Central University currently does not utilize pluses (+) or minuses (-) in the calculation of GPA. Only letter grades earned at NCU influence academic grade point average. A GPA of at least 2.0 is required for graduation from North Central University, with the exception of the Education majors, which require an overall (cumulative) GPA of 2.2, and the Social Work majors, which require a cumulative GPA of 2.25.

Grades are directly linked to "registration". Unless a student is properly registered for a class, no credit or grade can be awarded. The last day to add any class in the Registrar's Office is the end of the first full week of school for the fall and spring terms and by the end of the first full day of classes of the first session for the summer term.

A student who attends a class and then officially drops it within the tuition refund period (week 1 thru week 5) will also have the class removed from his/her transcript. (In such cases, a student's financial aid package may be adjusted.) However, if a student drops a class after the 5th week of class, a grade of "W" or "WF" will be issued. A grade of "W" will not impact a

student's GPA, however a grade of "WF", issued after week 10, will have the equivalent impact of an "F" in the GPA calculations.

INCOMPLETE GRADES

The grade of "I" (Incomplete) is a temporary grade awarded by the professor which indicates that, for extenuating circumstances (i.e., serious illness, death in the family, etc.), the student was unable to complete the work by the end of the term. Any student requesting an extension, must complete the Incomplete Grade Request. The form must be signed by the instructor and approved by the Registrar prior to the beginning of finals week.

Any student receiving an "I" must work closely with his/her professor to successfully complete all outstanding work **within 6 weeks** of the last day of the term. This means that, together, a shared responsibility exists between student and professor for the fulfillment of course requirements and the submission of an appropriate earned grade within the 6 week period. In all cases, professors may require an earlier completion time frame. Requests to exceed the 6 week incomplete period will be reviewed and determined on a case-by-case basis.

All unresolved incompletes will become a failing grade on the last date of the following term. No student with an "I" for a given semester is eligible for school honors in that semester. Graduating seniors who end their last semester with an "I" must complete all course requirements within the given time-frame in order to receive a diploma.

PASS/FAIL GRADING BASIS

Student teaching, international fieldwork, selected internships, and other courses approved by the Deans' Council may be graded on a Pass/Fail (P/F) basis. A grade of "P" is equivalent to a "C" or better. A "P" grade fulfills the degree requirement but does not carry grade points and is not included in GPA calculations. Students may not request to take a regular course on a Pass/Fail basis.

GRADE CHANGES

Grade changes will be accepted by the Registrar's Office only in the cases of documented clerical error, miscalculation or by appeal as a result of extenuating circumstances. A faculty member cannot reassess previously submitted material and submit a new grade.

Re-evaluation of a student's performance is not considered a legitimate reason for a change of grade. A student may appeal a grade with the faculty member involved through the end of the semester immediately following the one in question (i.e. a professor may only make a change for the preceding semester). A grade change form must be submitted to the Registrar's Office and will include the reason for the change. This policy will be outlined in the Faculty Manual. In extreme cases of extenuating circumstances or information that arises after the grade has been submitted, the appropriate department chair, in conjunction with the faculty member, will review a petition for a change of grade.

Honors

DEAN'S LIST

Students with a minimum of 12 credit hours and a GPA of 3.5 or above are placed on the Dean's List for that semester. A grade of Incomplete disqualifies students from the Dean's List for that semester.

HONORABLE MENTION

Students who achieve a grade point average of 3.31 to 3.49 with a minimum course load of 12 credits are given honorable mention for that semester. A grade of Incomplete disqualifies students from the Honor's List for that semester.

HONOR SOCIETIES

- Who's Who Among Students in American Universities and Colleges is a national publication devoted to academically outstanding juniors and seniors. Approximately 25 students are nominated annually from North Central University. Election is based on scholarship, citizenship, participation and leadership in academic and extracurricular activities. Who's Who is also recognized in the graduation program.
- Psi Chi, the national psychology honor society, is open to students majoring or minoring in Social & Behavioral Sciences.
- Sigma Tau Delta is the International English Honor Society.
- Kappa Delta Pi, the International Honor Society in Education, is open to education majors who have at least a sophomore status and a GPA of 3.0 or higher.
- Theta Alpha Kappa is the honor society for Bible and Theology

Graduation

GRADUATION REQUIREMENTS

The following are required for graduation:

- Satisfactory completion of a minimum of 124 credits for a Bachelor's Degree and 60 credits for an Associate of Arts Degree. Special requirements for each program are listed by the department offering the degree.
- A minimum overall grade point average of 2.0 ("C" average) is required for all degree or certificate candidates, with the following exceptions:
 - Education majors must earn a minimum cumulative GPA of 2.2.
 - Social Work majors must earn a minimum cumulative 2.25 GPA with a minimum major core GPA of 2.5 for graduation.
- For a person to receive a degree or certificate, 27 of the final 33 credits must be taken in residency at North Central University.

- All students must meet faculty standards regarding Christian character and conduct. Conduct judged unworthy of the standards of Christian conduct at NCU will be deemed sufficient cause for removing a student's name from the annual graduation list.
- All candidates for Associate of Arts Degree and Bachelor's Degree must file an Application for Graduation with the Registrar's Office the semester before their intended Commencement ceremony participation/last semester of attendance (See current NCU website for exact dates).
- Students must meet the prescribed standards of assessment as established by the faculty.
- A student is subject to the academic requirements of the catalog for the year in which enrollment first occurred. If a student changes majors or leaves the University and is later readmitted, the academic requirements that are in effect at the time of the change or readmission must be met.
- All graduation requirements must be completed before a student may participate in Commencement activities or a degree is awarded.
- A student must earn a minimum of 125 credits towards graduation (HG) before any credits can be counted to meet a second degree requirement. Courses cannot be double-counted within the same requirement section (e.g. within the General Education Core or within the Major Core), nor can a single course be used to meet a third degree requirement. A Course Variance Form must be submitted and approved by the Registrar in order for any course to be double- counted towards graduation.
- A student will receive a December graduation date if all course work is completed in the fall semester. The May graduation date exists for students completing their coursework in May. A student will receive a July or August graduation date if coursework is completed in the summer semester. All graduating students are encouraged to participate in Commencement ceremonies.
- Students may petition the Registrar's Office to participate in the May Commencement ceremony with up to 6 credits left to complete after participation. Student must provide their graduation application, petition, and proof that they are taking steps towards completing their final requirements within the semester following participation.
- Diplomas will be printed with the student's legal name as entered into the student record at the time the degree is conferred using the following format: first name, middle initial and last name. This will ensure that the name on the transcript and the diploma are identical.

DOUBLE MAJORS

For students pursuing a double major, accreditation requires completion of 30 unique credits in order for both majors to be awarded upon graduation. Likewise, a minor must include 9 unique credits not counted towards the major in order to be awarded. There are some majors and minors that cannot be combined due to these requirements (e.g. Music Major and a Music Minor).

GRADUATION HONORS

Graduating students who have completed no less than 45 credits of work in residence at North Central University will be awarded graduation honors based on cumulative grade point average as follows: 3.80-4.0, Summa Cum Laude; 3.65-3.79, Magna Cum Laude; 3.50-3.64, Cum Laude. Honors are based on the cumulative GPA after the semester preceding graduation. However, the final cumulative GPA will be used in the calculation of honors indicated on the diploma and permanent transcript.

A student must attend North Central full time for five or more semesters to be eligible for valedictorian or salutatorian honors.

RESIDENCY REQUIREMENTS FOR FINAL 33 CREDITS

In order for a student to receive a diploma, degree or certificate, 27 of the final 33 credits of the program must be taken in residence at North Central University.

TRANSCRIPTS

Official transcripts are issued only upon the written authorization by the student, in accordance with the Family Educational Rights and Privacy Act (FERPA). Students can request their transcripts by following the step-by-step process found on the National Student Clearing House website listed below. The time frame for processing official transcript requests is five to seven business days.

National Student Clearinghouse website: www.GetMyTranscript.com

A transcript will not be issued to or on behalf of any individual who has a past-due financial obligation (including federal loan programs) to the University. Remittances on past due balances should be made in cash, by certified check or money order to the Student Accounts Office.

Academic Integrity and Plagiarism

Paul says in Philippians 4:8, “Brethren, whatever is true, whatever is honorable, whatever is right, whatever is pure, whatever is lovely, whatever is of good repute, if there is any excellence and if anything worthy of praise, let your mind dwell on these things.” (NAS)

Academic integrity is a mandate given in the Word of God. It is not an opinion. As Pentecostal Christians, we must pursue holiness in all areas of our lives, and therefore consider academic integrity as primary importance in our walk with the Lord.

Academic dishonesty is defined as intentional *plagiarism, cheating, fabricating or attempting to help others to be dishonest* which includes, but not limited to, *roster fraud* and *attendance deception*. Academic dishonesty also includes intentionally or knowingly helping, attempting to help, or soliciting another to commit an act of academic dishonesty.

Please note that students are prohibited from submitting parts or all of a paper in multiple classes. Also, students must not change and resubmit previous academic work without prior permission from the instructor.

The following guidelines are offered to help the student understand the full picture of academic integrity and communicate the seriousness of violations.

North Central University views plagiarism as a serious offense. In addition, it is against the broader rules of scholarship within the North American scholarly community to use the ideas or words of another person without giving that person credit. Whether the other source is a textbook, another book, an article, a friend, a website, etc., students should indicate clearly that another source has been used and precisely what elements of the work being submitted are drawn from that source.

Ignorance or lack of clarity about what precisely constitutes plagiarism is not an excuse. All work submitted while a student at NCU must be one's own.

Plagiarism is defined as “intentionally or knowingly representing the words or ideas of another person's as one's own in an academic exercise” (UM Policy & Procedure Manual, 2003).

- Direct quotations must be identified by quotation marks or appropriate indentation and must be cited in a footnote or endnote.
- Prompt acknowledgement in the body of the exercise is required when material from another source is paraphrased or summarized, in whole or part, in one's own words. Then conclude with a footnote or endnote identifying the exact reference (UM Policy & Procedure Manual, 2003).

Cheating will be defined as intentionally using materials, information or study aids in any academic exercise that have not been approved for use, therefore:

- External aids (books, notes, calculators, conversation with others) are prohibited when taking an examination or completing assignments, unless specifically allowed by the instructor.
- Students may not have others conduct research or prepare work for them without advance authorization from the instructor. This prohibition includes the work by any online research companies or research paper businesses.
- Major portions of the same academic work may not be submitted more than once for credit or honors, without authorization. Example: one may not produce a single academic assignment (e.g. research paper, presentation, etc.) and submit it in more than one course without prior permission.

Fabrication is “intentionally falsifying or inventing any information or citation on any academic exercise” (UM Policy & Procedure Manual, 2003), therefore: “Invented” information may not be used in any laboratory experiment or classroom exercise.

Roster Fraud and Attendance Deception is intentionally or knowingly signing or otherwise indicating another student's presence in a class when he/she is, in fact, not present. This is a form of "fabrication" or lying and constitutes academic dishonesty.

Academic dishonesty also includes intentionally or knowingly helping, attempting to help or soliciting another to commit an act of academic dishonesty.

Disciplinary Action

Any violation of the Academic Integrity Policy will result in disciplinary action fitting to the gravity of the offense. More serious offenses may result in the failure of the course and extreme cases may result in dismissal from North Central University. Compounding the situation with further dishonesty or other problems may result in more serious consequences. All incidents of violations of academic integrity will be kept on record in the Registrar's office.

First Offense Procedures

Professor:

- Notify the student directly and inform him/her that academic dishonesty is a very serious breach of trust.
- Attempt to determine the cause and inform the student that a second offense will result in an automatic failure of the course with a hearing before the Academic Integrity Committee and stand the possibility of being dismissed from the University.
- If applicable, give the student(s) an "F" on the assignment and/or require that it be redone.
- Notify the Registrar's Office of the offense and request that a notice be put in the student's file for as long as student records are kept on file.

Note: More serious offenses may result in the failure of the course and extreme cases may result in dismissal from the University. Compounding the situation by lying, further dishonesty or other problems, may result in more serious consequences.

Registrar:

- The Registrar will send a memo to the student indicating that an incident report has been put in his/her file. Included in the memo will be notification that the student has the right to appeal through the established appeal "petition" process.
- Copies of all documents will be forwarded to the Student Development department from the Registrar.

Multiple Offense Procedures:

- If a student commits multiple offenses of academic dishonesty (same violations or combination), the Registrar's Office notifies the professor, the Academic Integrity Committee and the Vice President of Academic Affairs that the student has violated the Academic Integrity Policy a second time. The student then meets with the Academic Integrity Committee and a decision is made concerning disciplinary measures.

- If it is determined a student violated the Academic Integrity Policy twice within a course, an “F” for the course will be given and a meeting of the Academic Integrity Committee is convened to determine possible further consequences. If a student commits academic dishonesty in a different course, he/she must meet with the Committee. Redemptive discipline for the student can vary from reinstatement to the issuing of warnings or dismissal from the University. The Vice President of Academic Affairs must approve the Committee’s decision before the University acts on it. If a student is dismissed, he/she is not able to return for one entire semester following the dismissal. The student has the right to appeal to the Academic Affairs Committee. Appeals will only be accepted if they are based on error(s) committed by the professor(s) and/or Academic Integrity Committee in the process or procedure outline in this policy.

Satisfactory Academic Progress

It is expected that a student will make satisfactory progress toward a degree, diploma or certificate. An Academic Warning, Academic Probation and Academic Provisional Continuance list is compiled each semester, based on the student’s academic achievement for the previous semester.

The following information states the required total cumulative grade point average (GPA) necessary for the student to remain in good academic standing based upon the total number of credit hours which the student has earned.

Minimum Requirement:

<u>Cumulative Credits Earned</u>	<u>Cumulative GPA</u>
0-29	1.6
30-59	1.8
60+	2.0

Students with a grade point average below 2.0 will be notified in writing by the Registrar's office and placed in one of the following categories:

- Academic Warning: When a student’s term GPA is lower than 2.0 or the cumulative GPA is lower than 2.0 but above the good standing requirement, the student will be placed on Academic Warning status for the following semester.
- Academic Probation: When a student’s term GPA is below a 1.0 or the cumulative GPA falls below the level of good standing, the student will be placed on Academic Probation status for the following semester. The maximum academic load for students on Academic Probation is 15 credit hours. Students on Academic Probation are excluded from taking any online courses and limited to participation in one extra-curricular activity. In addition, students are required to make an appointment within their first two weeks of class in the Student Success Center with the Academic Specialist.

- Academic Provisional Continuance: The student who does not attain a cumulative GPA above the level of good standing after being placed on Academic Probation (at any point in his or her academic career) will be placed on Academic Provisional Continuance. Any student who has a term GPA below 1.0 for 2 semesters in a row, will be placed on Provisional Continuance as well. Academic Provisional Continuance is a heightened status meant to be more stringent than probation. A student on Academic Provisional Continuance will not be allowed to enroll in more than 15 credit hours or enroll in any online courses or participate in extra-curricular activities such as campus leadership, organizations, ministry teams or athletics to name a few. Also, students will be force enrolled into a 1 credit, pass/fail section of GS 145 Strategies for Success.
- Removal from Academic Warning/ Academic Probation/Academic Provisional Continuance: A student will be removed from Academic Warning, Academic Probation or Academic Provisional Continuance at the end of any given semester when their cumulative GPA meets the requirements for good standing.
- Academic Dismissal: The student on Academic Provisional Continuance whose cumulative GPA at the end of the semester is lower than what is required for good standing can anticipate dismissal from the University. A students whose cumulative GPA is below 1.0 after a second consecutive term will also face dismissal. Appeals should be made in writing to the Registrar and may be considered by the Vice President of Academic Affairs, and others as needed. Individuals who have been terminated for academic reasons may reapply after they have attended another college and earned at least 6 credits of "C" quality work. The Admissions Committee will, upon receipt of a transcript from that institution, consider the reapplication request.

Provisional Admittance

Students who do not meet the minimum GPA (2.2) and ACT (18) requirements are accepted provisionally. All students accepted provisionally must meet the following conditions during their first year at North Central:

- Enroll and pass the required Strategies for Success course or seminar during their first two semesters at North Central (GS142 or GS143 the first term, and GS144 the second term). This course is designed to help a student develop and improve the study skills he or she will need for college-level work.
- The student will be limited to 15 credits per semester and excluded from taking any online courses during their first two semesters.
- The student must obtain a minimum cumulative GPA of 2.0 at the time of completion of two semesters or face Academic Dismissal.

All registration restrictions will be lifted after a student has completed two semesters with a cumulative GPA of 2.0 or better. In addition, students are required to successfully complete a minimum of 20 credits during their first two semesters.

Withdrawal

Voluntary: A student who finds it necessary to withdraw from the University after they have started attending classes must meet with the Dean of Student Advocacy in person to complete a Withdrawal Form & Exit Survey. The date on which a student notifies the University of their intent to withdraw will be the date used to calculate any available refund. Refunds of tuition, general fee, technology fee and room charges will be calculated according to the University's Refund Policy.

The student will receive a grade of 'WF' on his or her transcript for each class if a complete withdrawal is made during or after the tenth week of the semester. Prior to the tenth week, a grade of 'W' will be listed on the transcript.

Disciplinary Action: If a student is dismissed for disciplinary reasons, a grade of 'W' or 'WF' will be listed on the transcript based on the date of withdrawal. The regular refund policy applies for a student who is dismissed for disciplinary reasons.

Academic Appeal Procedures

Academic appeals for course grades, status in programs and academic integrity are handled in the following manner:

The faculty member is the main voice regarding course policies, expectations or grading. Students who believe they are treated unfairly in their academic experience should make every effort to resolve the issue with the faculty member. If students believe they have been treated improperly, they will seek to resolve the matter, first with the professor, then with the appropriate department chair or dean.

If, after a discussion with the professor and the department chair or dean, a student still thinks he or she is being treated unfairly or not in keeping with announced academic policies, that student may appeal in writing to the Vice President of Academic Affairs by filling out an Academic Petition, available from the Registrar's Office. The written appeal must be received by the VP of Academic Affairs within three weeks after making the attempt to resolve the issue with the professor or department chair or dean. The V.P. of Academic Affairs is the final authority in deciding all Academic Appeals.

Academic Support Services

By providing a personalized one-on-one environment, the Student Success Center (SSC) staff strives to build professional and personal relationships with students in order to carefully assess their individual needs and offer appropriate academic support. Our services can help clarify and

reinforce classroom learning, enhance specific skills (e.g., writing, test-taking, memory) or provide a network of support for academic aspirations.

Academic Services Include:

- One-on-one consultation to assess how the SSC can meet the student's needs
- Tutoring in general education subjects
- Academic Coaching a performance improvement program
- Writing consultations, support and feedback for class papers
- Assistance in breaking through writer's block when facing a paper
- Assistance to students who are studying with a learning disorder
- Study skills courses
- Study groups and test preparation strategies
- Workshops
- Exam proctoring

Students with Disabilities

North Central University is committed to providing optimal educational opportunities for all students, including those enrolled or admitted who have disabilities under Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act of 1990 (ADA).

College policy provides for reasonable accommodations to be made for students with disabilities on an individual and flexible basis. It is the responsibility of students with disabilities to seek available assistance and make their needs known to the Director of the Student Success Center. In order to determine accommodations for special needs, North Central University asks students to submit a recent (within the last three years) professional assessment that documents the disability.

For assistance with special services, students should contact the director or assistant director of the Student Success Center at 612.343.3513 or 612.343.3510. We work to ensure equal access for students with documented disabilities. Services provided include equal access, academic advising, assistance and support.

Title II Reporting

In accordance with Section 207 of Title II of the Higher Education Act, North Central is required to inform the public of the performance of completers of the teacher preparation program on teacher certification/licensure assessments used by the State of Minnesota.

For academic year 2015-2016, the most recent year for which reporting is available, the pass rate for those taking the MTLE exams were as follows:

Total Number of Program Completers: 27

Type of Assessment:	#Taking	#Passing	NCU Pass Rate
Aggregate - Basic Skills	27	19	70%
Aggregate - Professional Knowledge	23	21	91%
Aggregate - Academic Content Areas	23	18	93%
Summary Totals	27	19	70%

For the academic year 2015–2016 the pass rate for those taking the exams were as follows:
Total Number of Completers: 27

Type of Assessment:	#Taking	#Passing	NCU Pass Rate
Basic Reading Skills	26	24	92%
Basic Writing Skills	27	26	96%
Basic Mathematics Skills	26	21	81%
Pedagogy: Elementary Subtest 1	16	15	94%
Pedagogy: Elementary Subtest 2	16	14	88%
Elementary Education Subtest 1	15	13	87%
Elementary Education Subtest 2	15	15	100%
Elementary Education Subtest 3	15	14	93%

The NCU Education 2015-2016 program statistics:

- 53 students formally admitted to the Education Program
- NCU’s Education program requires 696 hours of supervised practice teaching
- The average student-faculty ratio for supervised practice teaching is 9:1
- Average placement rate for NCU Education graduates into a full-time teaching or education related field is 81%. *(Calculated based on those who completed our graduate survey and who actively sought a job in education.)*
- 2 NCU alumni have been named the Minnesota Teacher of the Year since 2000.

Notice of Student Rights under FERPA

DISCLOSURE OF INFORMATION

North Central University complies with the Family Educational Rights and Privacy Act of 1974 (FERPA). This Act was designed to protect the privacy of education records, to establish the right of students to inspect and review their education records and to provide guidelines for the correction of inaccurate or misleading data through formal and informal hearings.

Family Educational Rights and Privacy Act Notice

The Family Educational Rights and Privacy Act of 1974 (FERPA), as amended, provides certain rights to students regarding their educational records. All students are protected under this act from the time they begin attending classes at North Central University, regardless of age or

minor status. Each year North Central University is required to give notice of the various rights accorded to students pursuant to FERPA. In accordance with FERPA, all students are notified of the following:

- **Right to inspect and review educational records.** Students have the right to review and inspect substantially all of their education records maintained by or at North Central University within 45 days once the request for access has been received by the Registrar's Office.
 - A student who wishes to inspect education records should submit a written request to the Registrar identifying the record(s) the student wishes to inspect. The Registrar or appropriate designee will make arrangements for access and notify the student of the time and place where the records may be inspected. If the requested records are not maintained by the Registrar's office, the Registrar shall advise the student of the correct University official to whom the request should be addressed.
- **Right to request amendment of education records.** Students have the right to seek to have corrected any parts of an education record that are believed to be inaccurate, misleading or otherwise in violation of the student's right to privacy.
 - A student who wishes to ask the University to amend a record should submit a written request to the Registrar which clearly identifies the part of the record the student wants changed, and specifies why it should be changed. If the University decides not to amend the record as requested, the University will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing. If, after a hearing, the University decides not to amend the record as requested, the student has the right to submit a personal statement in which they contest the accuracy of the record, which will become a part of the student's academic file alongside the disputed record.
- **Right to give permission for disclosure of personally identifiable information.** Students have the right to provide written consent before the University discloses personally identifiable information from the student's records, except to the extent that FERPA and the regulations regarding FERPA authorize disclosure without the student's permission.
- **Right to withhold disclosure of "directory information".** FERPA uses the term "directory information" to refer to those categories of personally identifiable information that may be released for any purpose at the discretion of North Central University without notification of the request or disclosure to the student.

Under FERPA, the student has the right to withhold the disclosure of the directory information listed below, called a Directory Block. Students should consider very carefully the consequences of any decision to withhold directory information. Should a student decide to inform North Central University not to release directory information, any further request for such information from persons or organizations outside of North Central University will be refused.

“Directory information” includes the following:

1. The student’s name
2. The student’s address
3. The student’s telephone number
4. The student’s institution-issued e-mail address
5. The student’s date and place of birth
6. The student’s class standing
7. The student’s course of study
8. The student’s participation in officially recognized activities and sports
9. The student’s degrees, honors, and awards received
10. The weight and height of members of athletic team
11. The student’s dates of attendance
12. The most recent previous educational agency or institution attended by the student
13. The student’s photograph

North Central University will honor the student’s request to withhold all directory information, but cannot assume responsibility to contact the student for subsequent permission to release it. North Central University assumes no liability for honoring the student’s instructions that such information be withheld. Forms for the directory block are available from the Mail Center. If the completed form is not received by the Mail Center prior to Sept. 15, it will be assumed that all directory information may be disclosed for the remainder of the current academic year. A new form for withholding disclosure must be completed each academic year.

North Central University discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. School officials at NCU include the following; any person employed by NCU in an administrative, supervisory, academic or research, or support staff position, or a volunteer serving in one of these positions, companies with whom NCU has contracted (e.g. attorney, auditor, collection agency), Board of Regents, or students serving on an official committee, such as a disciplinary or grievance committee or assisting another school official in performing his or her tasks. Information will only be disclosed to school officials if they have a legitimate educational interest to access the information. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University.

Upon request, the University also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

Release of Educational Information

No additional educational information will be released, except to the extent that FERPA authorizes disclosure without consent, without the explicit written consent of the student. Requests for the University to release student educational information must be in writing and must explicitly indicate what information is to be released and to whom.

Right to complain to FERPA Office

- Students have the right to file a complaint with the Family Educational Rights and Privacy Act Office, Department of Education, 600 Independence Ave S.W. Washington D.C., 20202, if the student believes that North Central University has violated the Federal Educational Rights and Privacy Act.
- Students have the right to obtain a copy of the written North Central University policy regarding FERPA. A copy may be obtained in person from the Registrar's Office.

Notice of Possible Federal and State Government Data Collection and Use

As of January 3, 2012, the U.S. Department of Education's FERPA regulations expand the circumstances under which the student's education records and personally identifiable information (PII) contained in such records — including the Social Security Number, grades, or other private information — may be accessed without the student's consent. First, the U.S. Comptroller General, the U.S. Attorney General, the U.S. Secretary of Education, or state and local education authorities ("Federal and State Authorities") may allow access to a student's records and PII without the student's consent to any third party designated by a Federal or State Authority to evaluate a federal- or state-supported education program. The evaluation may relate to any program that is "principally engaged in the provision of education," such as early childhood education and job training, as well as any program that is administered by an education agency or institution. Second, Federal and State Authorities may allow access to the student's education records and PII without their consent to researchers performing certain types of studies, in certain cases even when the North Central objects to or does not request such research. Federal and State Authorities must obtain certain use-restriction and data security promises from the entities that they authorize to receive a student's PII, but the Authorities need not maintain direct control over such entities. In addition, in connection with Statewide Longitudinal Data Systems, State Authorities may collect, compile, permanently retain, and share without the student's consent PII from education records, and they may track participation in education and other programs by linking such PII to other personal information about the student that they obtain from other Federal or State data sources, including workforce development, unemployment insurance, child welfare, juvenile justice, military and migrant student records systems.
